Dear Sir/Madam,

Proposal: Demolition of existing conservatory and erection of a single storey rear extension, erection of a single storey side extension.
Site: 4 Kingfisher Way, Horsham, West Sussex, RH12 2LT.

Thank you for your correspondence, please see our comments below regarding the above application.

Existing Southern Water Assets – General within boundary but no tree, buildings, assets within standoff distance (approximate)

Please see the attached extract from Southern Water records showing the approximate position of our existing sewer and water main assets crossing/in the vicinity of the development site. The exact position of the public assets must be determined on site by the applicant in consultation with Southern Water before the layout of the proposed development is finalised. To get in contact to confirm the exact position of the asset please visit;

https://www.southernwater.co.uk/media/ph4fk3pe/ds-location-of-rising-mains_pb.pdf.

For information on required stand-off distances from public sewers please refer to:

<https://www.southernwater.co.uk/media/st5orjvm/stand-off-distances.pdf>

Proposed works involve demolition.

In order to protect and safeguard the existing water supply apparatus, Southern Water requests formal notification of any proposed demolition works prior to such works being undertaken.

Due to legislative changes effective from 1st October 2011 regarding the ownership of sewers, it is possible that a sewer now deemed to be public could be crossing the development site. Therefore, should any sewer be found during construction work, an investigation of the sewer will be required

to ascertain its ownership before any work commences on site. If this happens, please call our Customer Service Desk on 0330 303 0119.

For further advice, please contact Southern Water, Southern House, Yeoman Road, Worthing, West Sussex, BN13 3NX (Tel: 0330 303 0119)

Website: southernwater.co.uk or by email at: SouthernWaterPlanning@southernwater.co.uk

Yours faithfully,

Future Growth Planning Team
