Categories: Consultations

DC/26/1343 – 7 Deacon Place Southwater RH13 9GY
Surgery to 1x Ash

SPC Comment: **No objection** – there are multiple broken/dead branches visible that require attention. The tree officer was not able to gain access to the property to assess the full extent of the ash die back to the trunk, but could see that the trunk is split in 2 at approximately 2m from the ground, and there are straps holding 2 large branches together. The reduction requested is therefore not objected to based on the assessment carried out. However, without fully assessing the trunk, we refer to the planning officer to determine if the extent of the ash die back does warrant felling.
