

DELEGATED APPLICATIONS - ASSESSMENT SHEET

APPLICATION NO./ADDRESS:

DC/26/0032

22 Delius Gardens, Horsham, West Sussex, RH13 6RY

DESCRIPTION:

Demolition of existing conservatory and erection of a two-storey rear extension.

RELEVANT PLANNING POLICIES

The National Planning Policy Framework (NPPF)

Horsham District Planning Framework (2015):

Policy 32 - Strategic Policy: The Quality of New Development

Policy 33 - Development Principles

Horsham District Local Plan (2023-40) (Regulation 19):

Policy 19: Development Quality

Policy 20: Development Principles

REPRESENTATIONS AND CONSULTATIONS RESPONSES

Where consultation responses have been summarised, it should be noted that Officers have had consideration of the full comments received, which are available to view on the public file at www.horsham.gov.uk.

Consultations:

Southern Water: Comment. The exact position of the public assets must be determined on site by the applicant in consultation with Southern Water before the layout of the proposed development is finalised.

Parish Comments:

No objection

Representations:

1 representation has been received, supporting the application.

HUMAN RIGHTS AND EQUALITY:

The application has been considered having regard to Article 1 of the First Protocol of the Human Rights Act 1998, which sets out a person's rights to the peaceful enjoyment of property and Article 8 of the same Act, which sets out their rights in respect to private and family life and for the home. Officers consider that the proposal would not be contrary to the provisions of the above Articles.

The application has also been considered in accordance with Horsham District Council's public sector equality duty, which seeks to prevent unlawful discrimination, to promote equality of opportunity and to foster good relations between people in a diverse community, in accordance with Section 149 of the Equality Act 2010. In this case, the proposal is not anticipated to have any potential impact from an equality perspective.

PLANNING ASSESSMENT:

The application has been assessed on the basis of a site visit and the submitted details, together with the planning history of the site and adjoining properties, available images and photographs supplied by the agent. These details were considered sufficient to allow the application to be properly considered and determined.

Character and Appearance

Policies 32 and 33 of the HDPF seek to ensure that development promotes a high standard and quality of design in order to enhance and protect locally distinctive characters. The policies also seek to ensure that the scale, massing and appearance of development relates sympathetically with the built surroundings, landscape, open spaces and routes within and adjoining the site, including any impact on the skyline and important views.

The application seeks planning permission for the demolition of existing conservatory and erection of a two-storey rear extension which incorporates a single-storey element either side. It is considered that the overall scale, form and design is sympathetic in relation to the host building, which although previously extended would not appear unduly overdeveloped or disjointed as a direct result of this proposal. The extension would not appear unduly dominant or intrusive in views from adjoining properties and land, and given the mixture of building forms and design making up the dwellings within the vicinity the proposed works would not have a detrimental impact on the host property or wider surroundings.

The proposal is considered to be of a design, form and scale which is appropriate to the character and appearance of the existing dwelling, and which would not harm the character or appearance of the wider area. It is therefore considered that the visual impact of the proposal is acceptable and would accord with the above policies.

Impact on Neighbouring Amenity

Policy 33 of the HDPF states that permission will be granted for development that does not cause unacceptable harm to the amenity of the occupiers/users of nearby properties and land.

It is considered that the siting and layout of the proposed extension and the resulting relationship with adjoining properties, taking into account the rear building line to the north and the layout to the south, would be sufficient to prevent any unacceptable harm to neighbouring amenity.

Water Neutrality

There is no clear or compelling evidence to suggest the nature and scale of the proposed development would result in a more intensive occupation of the dwelling necessitating an increased consumption of water that would result in a significant impact on the Arun Valley SAC, SPA and Ramsar sites, either alone or in combination with other plans and projects. The grant of planning permission would not therefore adversely affect the integrity of these sites or otherwise conflict with policy 31 of the HDPF, NPPF paragraph 180 and the Council's obligations under the Conservation of Habitats and Species Regulations 2017.

Biodiversity Net Gain

In accordance with the Biodiversity Gain Requirements (Exemptions) Regulations 2024, all householder applications are currently exempt from the statutory requirement to demonstrate a 10% net gain in biodiversity.

Other Considerations

The comments of Southern Water are noted. The extension, based on available datasets, would not be located in the vicinity of existing public foul or surface water sewers and no further consideration of

this issue is necessary. It is possible that sewers are located to the rear of the dwelling, in the vicinity of the proposed extension, and this would be covered through the Building Regulations.

Conclusion

The proposal is considered to comply with relevant local and national planning policies and is therefore recommended for approval.

Recommendation: Application Permitted

Conditions:

- 2 **Standard Time Condition:** The development hereby permitted shall begin before the expiration of three years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

- 3 **Regulatory Condition:** The materials and finishes of all new external walls, windows and roofs of the development hereby permitted shall match in type, colour and texture those of the existing building.

Reason: In the interests of visual amenity and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

POSITIVE AND PROACTIVE STATEMENT

Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.
