Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Overdevelopment
Comments:	On behalf of the Residents Association of the Daisycroft Our original objections still apply, and in particular : The scheme is not in accordance with section 2.4 of the Neighbourhood Plan which allowed for 9 low rise bungalows to encourage those with large houses to downsize and free up family houses.

The inclusion of 3/4 bedroom houses suitable for families will significantly increase the volume of traffic movements and include more early morning and late at night traffic.

Access is along a private road which is the responsibility of the residents of the Daisycroft to maintain - it was not designed to cater for heavy use in terms of traffic numbers and commercial vehicles going to a new estate. We have not been consulted.

Access to the site is very narrow - Rubbish vehicles will not be able to get in - we assume Fire Engines also could not get in.

The Neighbourhood Plan was agreed by an overwhelming majority of Henfield residents after a long consultation process and many iterations - not to abide by the plan would make a mockery of the process and the effort and expense put into it.

Kind regards
