Reasons for comment:	- Highway Access and Parking
Comments:	I can understand the need and desire to demolish and rebuild West Chiltington House. However,to replace it with five houses in that location seems excessive. Even if they shared the same entrance, the increase in traffic movements on that dangerous stretch of road would be asking for trouble. The new speed limits, despite being welcomed, are widely ignored. To give permission for this number of houses in this location is bordering on madness. This one factor alone is surely enough to refuse

permission for the over development at this site. A single replacement house seems a much more realistic option.

Kind regards
