Customer Details

Address: Holmbush House Crawley Rd Horsham

Comments Details

Commenter Type: Member of the Public

Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: This play equipment replaces an old set of equipment that had become unsafe. The area is well-used by children of the village and local pre-school and, as such, the new kit will be a very positive addition to the locale.

I strongly support the application as it will improve the amenity of the village for many residents.

Kind regards
