

HORSHAM DISTRICT COUNCIL CONSULTATION

TO:	Horsham District Council – Planning Dept
LOCATION:	Land North of Melton Drive Storrington West Sussex
DESCRIPTION:	Outline application, with all matters reserved, for the phased development comprising: Phase 1 construction of the access road (to be delivered through a subsequent Reserved Matters Application pursuant to Outline Permission DC/24/2006); and Phase 2 residential development of up to 56 dwellings with associated landscaping, pedestrian and vehicular access
REFERENCE:	DC/26/1168
RECOMMENDATION:	Advise/More Information
SUMMARY OF COMMENTS & RECOMMENDATION: Bin Collection Points Refuse Vehicle Swept Path Analysis	
MAIN COMMENTS: Section 46 of the Environmental Protection Act 1990 sets out council requirements regarding waste and recycling collections. The enforcement enables councils to determine when and where householders present their bins for collection. Bin collection points are selected to maximise efficiency and minimise the manoeuvring of refuse vehicles and the impact of their carbon footprint. The related documents do not contain a refuse strategy plan. Attached is a refuse strategy plan to meet HDC requirements. The bin collection points have been selected to match and conform with similar developments within the Horsham District. The blue dots represent the bin collection points, and the orange lines represent the properties affected (wheeled bin drag distance). The highlighted properties will need to wheel their bins to these collection points on collection day, retrieve within 24hrs of emptying, and store their bin within the boundary of the dwelling. All other dwellings that are not highlighted will also be required to drag their bins to the kerbside for collection or have use of the x2 “Rubbish Collection Point” highlighted in a red circles on the attached. Confirmation required as to which dwellings will have use of the “Rubbish Collection Points”? Swept path analysis required for streets highlighted with black arrows.
