Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking
Comments:	Brighton Road has a lot of traffic, which move at speed. The pavement is only on one side, and quite narrow. There is no cycle lane. I can't see how a development of this size would safely allow for increase in vehicle, bike and pedestrian traffic along Brighton Road. The surrounding smaller roads already have a lot of traffic as well, so this development would only increase this. The state of the roads are poor, St Leonards Road in particular has a lot of traffic, and many potholes, so vehicles are constantly driving in

slightly erratic fashion to dodge the potholes. Increase in traffic is not going to improve this

Kind regards
