

THAKEHAM PARISH COUNCIL CONSULTATION COMMENTS

TO:	Horsham District Council – Planning Dept
SITE ADDRESS:	16 Rother Close Storrington West Sussex RH20 3NX
PROPOSAL:	Large oak tree at back of property, T0006, T6 – Oak Tree was previously hard cut back on one side (not by 16 Rother Close), and now requires balancing. I am proposing in the region of 50% off the top, and as much as is required around the three remaining sides (Rother Close/Jubilee Close sides) in order to improve the tree shape and balance, in an attempt to ensure it does not become dangerously unbalanced. We seem to be getting more and more high winds, and this tree seems to be particularly exposed to these winds. The tree is in, or near, the gardens of three separate properties. The tree has been inspected for damage, and other than the fact that it is unbalanced, it does not appear to be damaged/dead/dying etc. Surgery to 1 x Oak -
REFERENCE:	DC/26/0082
RECOMMENDATION:	NO OBJECTION
SUMMARY OF COMMENTS & RECOMMENDATION: Thakeham Parish Council (TPC) Does not Object to the application.
