

DELEGATED APPLICATIONS - ASSESSMENT SHEET

OFFICER CHECKLIST	
WEEK ONE (Date Valid)	11th June 2026
Check Neighbours	x
Check Consultations (including newts) / Press List	x
Check Description, Plans and Supporting Documents	x
Print and Display Site Notice (if required)	☐
WEEK TWO (+7)	18th June 2026
Visit Site or request site visit photos (in accordance with Site Visit Guidance Note)	x
Draft HRA / AA if necessary. If the water statement is insufficient discuss with TL / PPO whether to discuss / accept amendments to the strategy.	☐
Instruct Legal if s106 required (with prior TL / PPO agreement)	☐
WEEK THREE (+14)	25th June 2026
If amendments are likely to be needed discuss with TL / PPO (N.B. Only minor amendments will be accepted in accordance with the Amendment Guidance). When requesting amendments give clear deadline (i.e. start of week 5).	☐
WEEK FOUR (+21)	2nd July 2026
If no amendments required, contact agent / applicant with update on progress.	x
Confirm whether delegated or committee decision (re: parish and neighbour representations)	x
WEEK FIVE (+28)	9th July 2026
14-day re-consultation letters to be sent on any amended plans	☐
Prepare draft report	☐
WEEK SIX (+35)	16th July 2026
Check 35-day Cllr call-in for Committee	x
If decision based on original plans, report to be drafted and submitted for sign off	x
WEEK SEVEN (+42)	23rd July 2026
If decision based on amended plans, report to be drafted and submitted for sign off	☐
Reason for EOT	☐

APPLICATION NO./ADDRESS:

DC/26/0949
59 Berrall Way, Billingshurst, West Sussex, RH14 9PQ

DESCRIPTION:

Demolition of existing conservatory and erection of a single storey side extension.

RELEVANT PLANNING POLICIES

The National Planning Policy Framework (NPPF)

Horsham District Planning Framework (2015):

Policy 32 - Strategic Policy: The Quality of New Development
Policy 33 - Development Principles

Billingshurst Parish Neighbourhood Plan 2019-2031:

BILL 2: Housing Design and Character

Horsham District Local Plan (2023-40) (Regulation 19):

Policy 19: Development Quality

Policy 20: Development Principles

Parish Design Statement:

REPRESENTATIONS AND CONSULTATIONS RESPONSES

Where consultation responses have been summarised, it should be noted that Officers have had consideration of the full comments received, which are available to view on the public file at www.horsham.gov.uk.

Consultations:

Southern Water: Informative

Parish Comments:

No objection

Representations:

None received

HUMAN RIGHTS AND EQUALITY:

The application has been considered having regard to Article 1 of the First Protocol of the Human Rights Act 1998, which sets out a person's rights to the peaceful enjoyment of property and Article 8 of the same Act, which sets out their rights in respect to private and family life and for the home. Officers consider that the proposal would not be contrary to the provisions of the above Articles.

The application has also been considered in accordance with Horsham District Council's public sector equality duty, which seeks to prevent unlawful discrimination, to promote equality of opportunity and to foster good relations between people in a diverse community, in accordance with Section 149 of the Equality Act 2010. In this case, the proposal is not anticipated to have any potential impact from an equality perspective.

PLANNING ASSESSMENT:

The application has been assessed on the basis of the submitted details, together with the planning history of the site and adjoining properties, available images and photographs supplied by the agent. These details were considered sufficient to allow the application to be properly considered and determined.

Character and Appearance

Policies 32 and 33 of the HDPF seek to ensure that development promotes a high standard and quality of design in order to enhance and protect locally distinctive characters. The policies also seek to ensure that the scale, massing and appearance of development relates sympathetically with the built surroundings, landscape, open spaces and routes within and adjoining the site, including any impact on the skyline and important views.

Policy BILL2 of the Billingshurst Neighbourhood Plan states that development should be guided by the Parish Design Statement and, amongst other criteria, reflect the scale and local vernacular of the surrounding buildings and use materials that are in keeping with existing buildings.

The application seeks planning permission for the demolition of existing conservatory and erection of a single storey side extension. It is considered that the proposed single storey side extension would reflect the form, scale and detailing of the existing building and would appear as a coherent and sympathetic addition with sufficient separation retained around the extended building and site boundaries. The proposed extension is considered to be an appropriate design, form and scale appropriate to the character and appearance of the existing dwelling or appearance of the wider area. It is therefore considered that the visual impact of the proposal is acceptable and would accord with the above policies.

Impact on Neighbouring Amenity

Policy 33 of the HDPF states that permission will be granted for development that does not cause unacceptable harm to the amenity of the occupiers/users of nearby properties and land.

It is considered that the siting and layout of the proposed extension and the resulting relationship with adjoining properties would be sufficient to prevent any unacceptable harm to neighbouring amenity.

Water Neutrality

There is no clear or compelling evidence to suggest the nature and scale of the proposed development would result in a more intensive occupation of the dwelling necessitating an increased consumption of water that would result in a significant impact on the Arun Valley SAC, SPA and Ramsar sites, either alone or in combination with other plans and projects. The grant of planning permission would not therefore adversely affect the integrity of these sites or otherwise conflict with policy 31 of the HDPF, NPPF paragraph 193 and the Council's obligations under the Conservation of Habitats and Species Regulations 2017.

Biodiversity Net Gain

In accordance with the Biodiversity Gain Requirements (Exemptions) Regulations 2024, all householder applications are current exempt from the statutory requirement to demonstrate a 10% net gain in biodiversity.

Conclusion

The proposal is considered to comply with relevant local and national planning policies and is therefore recommended for approval.

Recommendation: Application Permitted

Conditions:

- 2 **Standard Time Condition:** The development hereby permitted shall begin before the expiration of three years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

- 3 **Regulatory Condition:** The materials and finishes of all new external walls, windows and roofs of the development hereby permitted shall match in type, colour and texture those of the existing building.

Reason: In the interests of visual amenity and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

NOTE TO APPLICANT

In order to protect and safeguard the existing water supply apparatus, Southern Water requests formal notification of any proposed demolition works prior to such works being undertaken.

NOTE TO APPLICANT

Biodiversity Net Gain Condition

Paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 states that planning permission is deemed to have been granted subject to the "biodiversity gain condition" which means development granted by this notice must not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- (b) the planning authority has approved the plan.

Under Regulations 4, 5, 7 & 8 of the Biodiversity Gain Requirements (Exemptions) Regulations 2024 the statutory biodiversity gain condition required by Schedule 7A to the Town and Country Planning Act 1990 (as amended) does not apply in relation to planning permission for development which:

1. does not impact an onsite priority habitat (a habitat specified in a list published under section 41 of the Natural Environment and Rural Communities Act 2006); and impacts less than 25 square metres of onsite habitat that has biodiversity value greater than zero and less than 5 metres in length of onsite linear habitat (a hedgerow habitat or watercourse habitat identified for the purposes of the biodiversity metric);
2. is the subject of a householder application within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015;
3. is undertaken solely or mainly for the purpose of fulfilling, in whole or in part, the biodiversity gain planning condition which applies in relation to another development (In determining whether a development is undertaken solely or mainly for this purpose, no account is to be taken of any facility for the public to access or to use the site for educational or recreational purposes, if that access or use is permitted without the payment of a fee);
4. consists of no more than 9 dwellings, is carried out on a site which has an area no larger than 0.5 hectares, and consists exclusively of dwellings which are self-build or custom housebuilding ("Self-build or custom housebuilding" has the same meaning as in section 1(A1) of the Self-build and Custom Housebuilding Act 2015 (as amended)).

In addition, the Biodiversity Gain Plan Condition does not apply to applications for major development made before 12 February 2024, or non-major development made before 2 April 2024.

Based on the information submitted in the planning application documents, the Planning Authority considers that this permission is exempt from biodiversity net gain, and as such does not require approval of a biodiversity gain plan before development is begun.

Statutory exemptions and transitional arrangements

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These can be found at Paragraph: 003 Reference ID: 74-003-20240214 of the Planning Practice Guidance, which can be found at <https://www.gov.uk/guidance/biodiversity-net-gain>.

Irreplaceable habitat

If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

POSITIVE AND PROACTIVE STATEMENT

Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.

Plans list for: DC/26/0949

(The approved plans will form Condition 1 on the Decision Notice of all Permitted applications)

Schedule of plans/documents approved:

Plan Type	Description	Drawing Number	Received Date
Location & Block plan		D 0426/792/01	11.06.2026
