Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Overdevelopment - Privacy Light and Noise
Comments:	I am objecting due to light pollution, noise and extra traffic. To build seven dwellings where there is currently one is too many. We have very dark skies at night and the extra light from that many properties would be too much. I also suspect there are bats living in the farm buildings as there are many in the sky in that area. The extra traffic would also be an issue on a road that drivers already speed on.

There is also water neutrality to take into consideration.
I ask you to refuse permission and make this a working farm again
not a development plot.
Thank you.

Kind regards
