Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity
Comments:	Chewton is an important, prominent house and one of the oldest in Slinfold. It is in the centre of the conservation area and giving permission to park cars immediately in front of it would severely and detrimentally affect the street scene. The existing garden and picket fence contribute significantly to the aesthetic of this part of the street and removing them would result in a loss of amenity. The plans are misleading as I don't believe it would be possible to park a car and screen it as shown. The location also means it

would be awkward and potentially dangerous to manoeuvre a vehicle here and I strongly object to this application.

Kind regards
