Comments:	Dear Daniel
-----------	-------------

We live opposite Pinkhurst Stud at Westholme.

As you will know the field in question has been subject to an extensive amount of activity and speculation over the last 13 years since we have lived on the lane.

The Council has been instrumental in ensuring the land has not been misused by placing the article 4 on it years ago, for which we are grateful.

Having met and spent a good deal of time with [REDACTED] and witnessed how they would like to use the land and keep their breeding animals I wanted to express our support for their application for the 'sitting of a static caravan as a temporary rural workers dwelling'.

Since moving on to the site they have already made improvements to the entrance of the stud such as simply changing the gates which we applaud.

My only intention with this message is to express that it feels as though the land has found safe harbour and will be used as it always should have been for farm animals, an agricultural use.

We understand that the permissions if granted would be temporary and would disappear if the Bell's decided to leave and on that basis we do support their application.

Best Regards

[Redacted Signature]

Kind regards
