Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	The rear of my property overlooks the new development and this is far too intrusive and will make the cottage very dark because it is set below the line of the houses. Although we are not listed properties, they were built in the mid 1700's I believe and surely this should count for something? I strongly object to the new houses for so many reasons, the noise, the darkness, the privacy, the outlook. This will also impact negatively on the value of my property. Can you offer any reassurances to my points raised?

Kind regards
