Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity - Overdevelopment
Comments:	Although the development in this area is in the Henfield Neighbour hood plan, it is for TEN single storey dwellings , suitable for older residents within easy walk to the local shops. This proposal is over development for 2/3/4 bed houses with possibility of over 20 vehicles accessing the site via already congested road. As there are cars parked on one side all along the route in Furners Mead,

extra traffic will make the traffic flow near impossible.
In addition there will be extra traffic from agreed development in Backsett town area , leading to more congestion at Furners Lane and High Street junction.

This proposal is not in accordance with the agreed neighbour hood plan.

The area is liable for flooding. In the past 10/12 years there has been at least three floods in the neighbouring houses, water running off Daisy Croft into Henfield Common North.

Kind regards
