Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Overdevelopment
Comments:	The original Neighborhood Plan was for 10 single storey dwellings which is an essential requirement for residents of Henfield to be able to downsize to, thus freeing up already established larger houses. Since Parking Charges were introduced to the Village Hall Car Park, Furners Mead has become a virtual car park, making it a single track road, severely restricting access to both Furners

Mead and the Daisy croft, which is a private road. Additional large housing will only exacerbate the problem. Access is also severely restricted to the site making it very difficult for Trade and especially Emergency vehicles.

Kind regards
