Comments:	I am writing to support the variation Conditions 2 and 4 of the approved application. Whilst I am sure this will garner many objections from the immediate neighbours extending the actual hours of business to is a reasonable request given the need to trade as effectively as possible, yes concern about the use of the rear garden may be justified to some extent however being restricted to 10:00 to 16:00 is a reasonable time span to use the outside premises without over stressing the neighbours. Steyning needs to encourage all "High Street" businesses and those people who live on the High Street without "trading" must expect some disturbance to their desired tranquillity. All businesses on the High Street should be welcomed and supported, bringing trade and employment to the town.

Kind regards
