

HORSHAM DISTRICT COUNCIL CONSULTATION

TO:	Horsham District Council – Planning Dept
LOCATION:	Brook House, Wimland Road, Faygate
DESCRIPTION:	Installation of an electric vehicle (EV) charging point on boundary wall
REFERENCE:	DC/26/0311 (HH) DC/26/0312 (LBC)
RECOMMENDATION:	Advice / No Objection / Objection / More Information / Modification / Refusal
SUMMARY OF COMMENTS & RECOMMENDATION: See below	
MAIN COMMENTS: The proposed charging point would be located on a modern boundary wall adjoining the off-road parking area. The charging point will be understood as a modern intervention, but due to the modern form of the wall, and vehicles being parked in the area, would not result in appreciable harm to the setting of the listed building. The associated cabling and box into the main house would require a drilled hole through the walling. However in this instance the limited works required to the structure of the listed building are not considered to be so harmful as to affect the building special historic and architectural interest.
