[REDACTED]

I write as the contractor who inspected the trees and has been asked by our client Mr Stocks to undertake this works. I am responding to your latest letter addressed to Mr Stocks.

[REDACTED]

For your information the two Oaks trees are 14 meters tall with a spread of 12.5 meters. We wish to reduce them to the previous pruning points on all sides by 1-2 meters. This is a repeat of works Horsham gave permission to undertake some three years ago! The reason for the works is ongoing tree management.

Please may you apply this information to Mr Stocks current application and process this for our client.

[REDACTED]

Please do contact me if you require any further information.

Warm regards

Simon Birkby
