Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Other - Privacy Light and Noise
Comments:	I am not very familiar with technical drawings; on the North facing elevation I do not think a window is shown on the first floor. If I am correct in that, then I can support this application. If a window is to be installed, it will directly overlook at least three private gardens, including mine, and that would not be acceptable.

Kind regards
