Reasons for comment:	- Loss of General Amenity - Other
Comments:	This is another unnecessary removal of green spaces in Horsham District. Our area is already over developed and has insufficient schools, Doctors, hospitals and dentists. We today received an email from Southern Water informing us that the area is using more water than nature can replace but this application is proposing to add another 180 properties to add to this pressure! There are lots of derelict/ empty properties in the area that could be renovated or developed to provide accommodation.

Kind regards
