Design and Access Statement

Design access statement for Proposed Single Storey Rear extension.

Introduction

This design and access statement describes the current state of the property single dwelling and the proposal of improvement to high suitable standard in accordance Horsham District regulations.

Assessment

Existing terrace house dwelling house fronting along Windrum Close, which is located on a residential road.

Evaluation

The proposal it's towards the rear of the property. The property will not harm neighbouring properties also the development will not outcast the property from the surrounding. The extension would complement the property.

The circulation area around the house and road shall be maintained.

Proposal

Considering the size and setting of the neighboring properties and the national guidelines.

The main objective of the proposal is to make efficient use of the existing and proposed accommodation. The proposed works entail complete refurbishment of the house meeting the current building control requirements, including good standards of living and insulations.

The Proposal will not have any adverse impact on the amenities of the neighboring properties.

Surroundings

There are many other properties on the road which have a similar extension. Our drawings are based on previous approvals and the council's residential guidelines.

Sustainability

The materials proposed are of a traditional nature which will ensure longevity of the building. High values of insulation required to meet the current building regulations will ensure energy savings and installation of condensing boilers.

Conclusion

This proposal provides the opportunity for upgrading and modernizing the existing and dated residential accommodation this application will allow the current house to match the neighbouring properties. This application is suitable for this type of development in line with other neighboring properties who have already carried out similar extensions. There will be no loss of light and overlooking the neighbours.

The proposal seeks to enhance the general environment within the local area and providing modern and comfortable living accommodation.

We see this application to be suitable for this type of development within Horsham District Council and we look forward to working with you.
