Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

☐ Yes

☒ No

Does the proposal consist of, or include, a change of use of the land or building(s)?

☒ Yes

☐ No

If Yes, please give a full description of the scale and nature of the proposed use, including the processes to be carried out, any machinery to be installed and the hours the proposed use will be carried out

The proposed use is for a low intensity, home based beauty business (max 3 clients per day for facials or waxing) operating from an existing residential garden outbuilding. Please refer to the uploaded document titled "Supporting Planning Statement" for the full and comprehensive description of the scale, nature, processes, operating hours and parking/privacy mitigations.

If Yes, please fully describe the existing or the last known use, with the date when this use ceased

The existing and current use of the land and outbuilding is residential, functioning as a domestic garden room. This residential use is ongoing and has not ceased.

Has the proposal been started?

☐ Yes

☒ No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The existing use of the property and outbuilding is purely residential, functioning as a domestic garden room incidental to the main dwelling. The outbuilding was constructed under national permitted development rights. It's lawful dimensions and boundary positioning were physically inspected and subsequently cleared as fully compliant by a Horsham District Council Planning Enforcement Officer (see Appendix 1 in supporting documents) The residential use has been continuous since construction.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

A Lawful Development Certificate for a Proposed Use should be granted because the low intensity, home based beauty business (strictly capped at 3 clients per day, operating by staggered daytime appointments only) does not constitute a material change of use. The primary character of the freehold end of terraced property remains entirely residential. Absolute privacy is maintained via closed window blinds and client parking is fully accommodated within the property's two allocated freehold tied parking spaces. Please refer to the uploaded "Supporting Planning Statement" for the full comprehensive case.

Select the use class that relates to the existing or last use.

Community Infrastructure Levy

Your development may be liable for a charge under the Community Infrastructure Levy if it involves new or additional gross internal area for residential and non-residential buildings, including extensions or a new dwelling. If your scheme is liable, this charge is payable after development begins.

Information on the CIL charges can be found on the local authority website. In London both Mayoral and local borough CIL charges may be applicable.

Your answers below, and in the application, will enable the local authority to establish if your development is liable for a charge and to calculate it accurately.

Further information on CIL, and what to do if you are liable can be found on the [Planning Portal](#).

It is an offence for a person to knowingly or recklessly supply information which is false or misleading in a material respect to a collecting or charging authority in response to a requirement under the Community Infrastructure Levy Regulations (2010) as amended (regulation 110, SI 2010/948). A person guilty of an offence under this regulation may face unlimited fines, two years imprisonment, or both.

Liability for CIL

Note: Answer No if either:

- the new or additional internal area only relates to a building into which people do not normally go or only go into intermittently for the purposes of inspecting or maintaining fixed plant or machinery; or
- the new or additional internal area solely relates to an internal/mezzanine floor and no other works or change of use are proposed.

Does the application include creation of one or more new dwellings (including residential annexes) either through new build or conversion (except the conversion of a single dwelling house into two or more separate dwellings with no additional gross internal area created)?
