Subject: DC-26-1171 - Land at Knowe Top Farm, Broadford Bridge Road, West Chiltington

Hi Kate,

The Trees team have been consulted on the above application for development, presumably as it includes a tree survey.

Removal of a relatively short section of the post war planted hedge will be required as part of the engineering requirements to access the field from the lower level of the existing development. The impact is a landscape one as no trees are involved. The nearest parcel of Ancient Woodland has a significant buffer to the proposal, hence no arboricultural concerns.

Regards

Andy
