To whom it may concern,

My neighbours and I jointly own the rear car park of 47, 47a and 49 London Road Horsham. We have two very large Leylandii trees in our parking area at the back.

Unfortunately the trees are blocking out light and the roots are encroaching on the drains causing all sorts of issues.

We would like to remove these trees to ground level including stumps.

Please take this as our formal 6 week notice.

Pictures attached.

Kind regards,

Sam and Kelly Knight
47 a London Road
