HORSHAM DISTRICT COUNCIL CONSULTATION

TO:	Horsham District Council – Planning Dept
LOCATION:	Land Off Northlands Lane Storrington 1 Field Storrington RH20 3EZ
DESCRIPTION:	Change of use from agricultural to dog walking.
REFERENCE:	DC/25/0450
RECOMMENDATION:	More Information
SUMMARY OF COMMENTS & RECOMMENDATION: There is insufficient information provided regarding how the proposed use would be managed and supervised on a day-to-day basis. This is required in order to assess the potential for nuisance to the nearby residential neighbours	
MAIN COMMENTS: There is insufficient information provided with this application. What this department needs to see is a noise management plan. This should include, but not be limited to: hours of use; maximum number of users at a time; maximum ratio of dogs to humans; whether it is available to commercial dog walkers or trainers; how waste will be managed; how users will be supervised; complaints procedure; refusal policy for users (how bookings are controlled and how banned users are assessed and prohibited from making future bookings). This department needs to be able to assess whether there will be a noise impact to local residents, therefore all information regarding how this is managed and supervised is required in order to help us assess the potential risk. It is not clear whether Doodley Dogs will be the exclusive user of this field, or whether they will merely be managing bookings.
