Horsham Denne Neighbourhood Council
CONSULTATION COMMENTS

TO:	Horsham District Council – Planning Dept
SITE ADDRESS:	56 Worthing Road, Horsham
PROPOSAL:	Surgery to 1x Scots Pine
REFERENCE:	DC/25/0711
RECOMMENDATION:	No objection

SUMMARY OF COMMENTS & RECOMMENDATION: No objection

MAIN COMMENTS:

Horsham Denne Neighbourhood Council Tree Warden, Andrew Dickinson, has visited the site and his report is as follows:

The Scots pine tree is of a mature size and requires remedial crown reduction, with crown thinning. This reduction should include any removal of rubbing branches and dead wood. This should give the higher crown an open aspect which will improve air flow and reduce load bearing.

Carrying out this reduction will greatly reduce the risk of branch failure during high winds and protect the property and surrounding area. This tree would benefit from having the Ivy severed as it will increase the likelihood of weight loading to the crown area.

On completion of the reduction work the tree should be left in as natural a shape as possible.

Therefore, HDNC has **no objection** to this application.
