Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Design
Comments:	As the original architect and owner occupier of Micklepage Leigh I consider the proposed works contained in this application, indicate a sympathetic and well considered appreciation of the original scheme, upgraded to meet the demands of current living yet reflecting the aesthetics of the twenty first century. The use of zinc cladding on the single storey roof to the kitchen and annexe, to replace the worn out clad tiles, echo's the existing metal roof of the biomass boiler's timber pellet fuel store. It is a great idea. I

fully support this application which will enhance the especial nature of the Micklepage area.

Kind regards
