

ALL DIMENSIONS ARE TO BE CHECKED ON SITE:
ALL DIMENSIONS ARE IN MM UNLESS STATED OTHERWISE
ORIGINAL SIZE A3.

Proposed Front Elevation
(East)

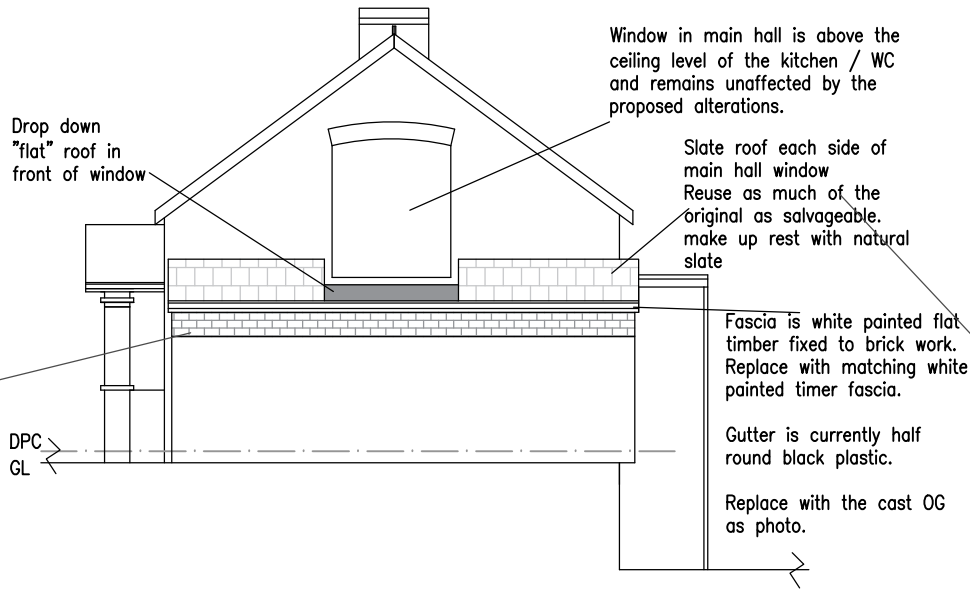

Decorative barge boards, on the front and rear elevations are white painted timber fixed to the brick work. There are to be carefully removed and re-used. Repaired or replicated if found to be beyond restoration / reusable, If replaced the replacements will be made to replicated the originals.

The existing (incorrect) half round plastic gutter is to be replaced with the period cast black OG gutter form the Brett Martin range.

New bricks to match the originals as closely as availability allows. These are an imperial brick Co. Imperial blend giving the original imperial size and a good match to the colour and texture of the existing brick. It should also be noted that these will be mostly hidden behind the barge boards, the existing brick that are behind the barge boards will become visible.

Proposed Side Elevation
(North)
