01st February 2026

From a Member of the Public and Resident of Barns Green for over 50 Years

To the Planning Officer,

Objection: Application DC/25/2057 Land North of Little Slaughterford, Chapel Road, Barns Green, West Sussex – 68 Dwellings by Miller Homes

I object very strongly to this planning application for the following reasons below:

Selection of this Site

Let me ask the following very important questions:

A - Just how was this greenfield site selected by HDC for 50 new houses (which has now increased to 68!), this particular site having been unanimously rejected by us, the Itchingfield Parish consultees?

B - Would you please explain clearly the HDC site selection process?

C - [REDACTED]
Were there representations to HDC by Miller Developments prior to their decision to purchase this field?

We feel that we have had our voices ignored, although unequivocally and clearly expressed in our accepted neighbourhood plan.

Conclusion

Many others have already amply detailed the multiple reasons for the unsuitability of this site for building, and its potential destructive impact on our rural village and its ancient natural surroundings.

I concur with all those submitted objections thus far and add my own voice to the long list as follows:

- Loss of Civic Amenity
- Water Drainage and Flooding
- Foul Sewage Treatment Capacity
- Numbers and Design of Proposed Houses
- Site Access

- Lack of Public Transport
- Infrastructure
- Ecology and Biodiversity Harm
- Landscape Character

We are asking for clear responses to the key questions posed (at A, B & C) above.

Yours faithfully,

A solid black rectangular box used to redact a signature.
