Comments:

I strongly object to this planning application it would seem that developers are on a mission to eradicate the countryside in this area i chose to live somewhere that had open spaces and green fields not one huge housing estate . The developer has proposed new schools sports facilities and several other things but NO mention of new Doctors surgeries or hospitals which are already overwhelmed. This huge development will generate a massive increase traffic on roads that are already not coping .This is a complete over development in this area and will turn rural West Sussex into a giant urban housing estate

Kind regards
