Subject: DC/25/1010 - The Doubles, Lordings Lane, West Chiltington

Hi Tamara,

The trees team have been consulted on the above application for a new dwelling, garage and associated re-landscaping of the northern section of the plot. Five mature oak and pine trees around the site perimeter are indicated for retention. The Arboricultural Impact Assessment has not been submitted/uploaded on to the system, can you please request a copy (including a draft Tree Protection Plan) from the applicant, as per standard validation requirement.

Thanks and regards

Andy
