PLANNING STATEMENT

White Stork Mural & Sign Board
No 17 High Street, Storrington, RH20 4DR

Full planning permission is sought for the addition of a Stork Mural onto the existing blue painted render on the east elevation face of the property currently owned by GL Estate Agents. Along side this a square information sign board is to be added to an existing stone pillar that is adjacent to the site in Place Villarest.

Full details are supplied on the elevation drawings, D 0126/785/03 subject to final artists impression and work. This is to be a Stork based design which as explained in the Heritage Statement, the Stork is a bird associated with Storrington plus there are nearby nesting sites as part of the Knepp Estate re wilding program.

The proposal has NO advertising merit. It is in support of the local community and is fully supported by the Storrington & Sullington Parish Council, HDC Park and Countryside Manager, HDC Conservation officer plus Knepp Estate and their White Stork Project.

The size of the mural is dictated by the existing wall and as per the elevation details will present approximately 65-75% coverage of the rendered elevation.

The proposed sign board will be timber framed, glass fronted approx 1 metre by 1 metre and mounted on the adjacent pillar in front of the mural.

Temporary scaffolding will be required for the Artist to access the wall however this is unlikely to affect local pedestrians or traffic. And standard scaffolding licences and safety inspections will be provided.
