Addendum Statement – January 2025

Garlands

The Haven

Billinghurst

West Sussex

1.0 **Response to Consultation Comments**

2.0 **Water Neutrality Statement**

3.0 This statement is submitted in support of an application for Full Planning for the provision of a 30.480 x 12.192m replacement stable block and general agricultural storage shed (Planning Reference DC/24/1747) following comments made by the Parish Council and the Preservation Society.

4.0 The applicant has informed the Planning Agent that they intend to harvest all surface water from the new building roof and recycle to the aqua treadmill and for animal welfare purposes thus ensuring a water neutral proposal. Water will be harvested via UPVC water tanks which will in turn feed to mobile tankers to be distributed to the aqua treadmill as required and the remainder will be used to water the animal stock.
