Hi Shazia,

The Trees team have been consulted on the applicants submissions in respect of condition 3 (Tree protection – compliance) of the approval DC-25-1033. The photos are indicative that the applicant proposes to undertake the fencing broadly in accordance with the AMS and TPP however, the condition requirement does not require any submissions.

Condition 5 requires that the works are undertaken strictly in accordance with the submitted AMS. The AMS requires the applicant to inform the LPA Tree Officer in advance of the pre-commencement meeting so that he can attend and agree the protection measures. Please ensure that this is made clear in your response to ensure that the development latterly proceeds in a lawful manner.

Regards

Andy
