

DELEGATED APPLICATIONS - ASSESSMENT SHEET

APPLICATION NO./ADDRESS:

DC/26/0776
16 Chanctonbury, Ashington, West Sussex, RH20 3QE

DESCRIPTION:

Erection of a single storey side and rear extension.

RELEVANT PLANNING HISTORY:

None relevant

RELEVANT PLANNING POLICIES

The National Planning Policy Framework (NPPF)

Horsham District Planning Framework (2015):

Policy 32 - Strategic Policy: The Quality of New Development
Policy 33 - Development Principles
Policy 34 - Cultural and Heritage Assets
Policy 41 - Parking

Ashington Neighbourhood Plan (2019-2031)

Policy ASH1: Overall Spatial Strategy for Ashington
Policy ASH3: Parking Provision

Horsham District Local Plan (2023-40) (Regulation 19):

Policy 19: Development Quality
Policy 20: Development Principles
Policy 21: Heritage Assets and Managing Change within the Historic Environment
Policy 24: Sustainable Transport
Policy 25: Parking

REPRESENTATIONS AND CONSULTATIONS RESPONSES

Where consultation responses have been summarised, it should be noted that Officers have had consideration of the full comments received, which are available to view on the public file at www.horsham.gov.uk.

Consultations:

Southern Water: No objection / advisory

Parish Comments:

Ashington Parish Council: No objection

Representations:

None received

HUMAN RIGHTS AND EQUALITY:

The application has been considered having regard to Article 1 of the First Protocol of the Human Rights Act 1998, which sets out a person's rights to the peaceful enjoyment of property and Article 8 of the same Act, which sets out their rights in respect to private and family life and for the home. Officers consider that the proposal would not be contrary to the provisions of the above Articles.

The application has also been considered in accordance with Horsham District Council's public sector equality duty, which seeks to prevent unlawful discrimination, to promote equality of opportunity and to foster good relations between people in a diverse community, in accordance with Section 149 of the Equality Act 2010. In this case, the proposal is not anticipated to have any potential impact from an equality perspective.

PLANNING ASSESSMENT:

The application has been assessed on the basis of the submitted details, together with the planning history of the site and adjoining properties, available images and photographs supplied by the agent. These details were considered sufficient to allow the application to be properly considered and determined.

Character and Appearance

Policies 32 and 33 of the HDPF seek to ensure that development promotes a high standard and quality of design in order to enhance and protect locally distinctive characters. The policies also seek to ensure that the scale, massing and appearance of development relates sympathetically with the built surroundings, landscape, open spaces and routes within and adjoining the site, including any impact on the skyline and important views.

The application site 16 Chanctonbury is a detached 2-storey dwelling located at the southern end of the residential cul-de-sac named Chanctonbury. The site is within the Ashington BUAB and the streetscene is characterised by detached and semi-detached residential properties with evidence of alteration or extensions.

Planning permission is sought for construction of a single storey side/rear extension with external wall materials proposed to match the existing brickwork. GRP flat roof with two roof lanterns. Windows /doors in powder coated dark colour aluminium.

Whilst utilising a flat roof design, the proposed rear extension would be of a scale and size that would sit comfortably within the context of the dwelling, with the set back to the rear limiting the visual impact from the street scene.

Overall, the proposal would be a clearly subservient addition, where the rear garden space is sufficiently spacious to accommodate the proposal, and the proposal overall is considered to be of a design, form and scale which is appropriate to the character and appearance of the existing dwelling, and which would not harm the character or appearance of the wider area. It is therefore considered that the visual impact of the proposal is acceptable and would accord with the above policies.

Impact on Neighbouring Amenity

Policy 33 of the HDPF states that permission will be granted for development that does not cause unacceptable harm to the amenity of the occupiers/users of nearby properties and land.

It is considered that the siting and layout of the proposed single-storey extension and the resulting relationship with adjoining properties would be sufficient to prevent any unacceptable harm to neighbouring amenity. It is noted that no neighbouring concerns were received.

Water Neutrality

There is no clear or compelling evidence to suggest the nature and scale of the proposed development would result in a more intensive occupation of the dwelling necessitating an increased consumption of water that would result in a significant impact on the Arun Valley SAC, SPA and Ramsar sites, either alone or in combination with other plans and projects. The grant of planning permission would not therefore adversely affect the integrity of these sites or otherwise conflict with policy 31 of the HDPF, NPPF paragraph 193 and the Council's obligations under the Conservation of Habitats and Species Regulations 2017.

Biodiversity Net Gain

In accordance with the Biodiversity Gain Requirements (Exemptions) Regulations 2024, all householder applications are current exempt from the statutory requirement to demonstrate a 10% net gain in biodiversity.

Conclusion

The proposal is considered to comply with relevant local and national planning policies and is therefore recommended for approval.

Recommendation: Application Permitted

Conditions:

- 2 **Standard Time Condition:** The development hereby permitted shall begin before the expiration of three years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

- 3 **Regulatory Condition:** The materials and finishes of the development hereby permitted shall strictly accord with the approved plans and Application Form.

Reason: In the interests of visual amenity and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

NOTE TO APPLICANT

Biodiversity Net Gain Condition

Paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 states that planning permission is deemed to have been granted subject to the "biodiversity gain condition" which means development granted by this notice must not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- (b) the planning authority has approved the plan.

Under Regulations 4, 5, 7 & 8 of the Biodiversity Gain Requirements (Exemptions) Regulations 2024 the statutory biodiversity gain condition required by Schedule 7A to the Town and Country Planning Act 1990 (as amended) does not apply in relation to planning permission for development which:

- 1. does not impact an onsite priority habitat (a habitat specified in a list published under section 41 of the Natural Environment and Rural Communities Act 2006); and

impacts less than 25 square metres of onsite habitat that has biodiversity value greater than zero and less than 5 metres in length of onsite linear habitat (a hedgerow habitat or watercourse habitat identified for the purposes of the biodiversity metric);

2. is the subject of a householder application within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015;
3. is undertaken solely or mainly for the purpose of fulfilling, in whole or in part, the biodiversity gain planning condition which applies in relation to another development (In determining whether a development is undertaken solely or mainly for this purpose, no account is to be taken of any facility for the public to access or to use the site for educational or recreational purposes, if that access or use is permitted without the payment of a fee);
4. consists of no more than 9 dwellings, is carried out on a site which has an area no larger than 0.5 hectares, and consists exclusively of dwellings which are self-build or custom housebuilding ("Self-build or custom housebuilding" has the same meaning as in section 1(A1) of the Self-build and Custom Housebuilding Act 2015 (as amended)).

In addition, the Biodiversity Gain Plan Condition does not apply to applications for major development made before 12 February 2024, or non-major development made before 2 April 2024.

Based on the information submitted in the planning application documents, the Planning Authority considers that this permission is exempt from biodiversity net gain, and as such does not require approval of a biodiversity gain plan before development is begun.

Statutory exemptions and transitional arrangements

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These can be found at Paragraph: 003 Reference ID: 74-003-20240214 of the Planning Practice Guidance, which can be found at <https://www.gov.uk/guidance/biodiversity-net-gain>.

Irreplaceable habitat

If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

POSITIVE AND PROACTIVE STATEMENT

Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.
