Dear Madam

This second email is made on behalf of [redacted] owner of Stable Cottage which is the property next door to The Granary at Tedfold Stud Farm, Rowner Road, Billingshurst.

The following objection is made and has been approved [redacted] and is put forward thus:-

Further to your letter dated 14th May advising of an amendment to the existing application to now include an additional single storey rear extension.

This would further change the outlook we have and indeed the whole proposal seeks to fundamentally change the building when the whole site was developed and the planned way that each property brought to the area.

This over-development of The Granary contravenes the size and appearance of the original building and how it fitted to its neighbouring buildings and as stated in our email of the 28th March this would mean that we would be overshadowed even more by this further addition literally the width of a driveway from our house and impact still further on light/sunlight coming into our house and the loss of privacy we currently enjoy.

We object to this application on the grounds given above.

Yours faithfully

[redacted]
