Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

- 3     **Pre-Commencement Condition:** No development shall commence until precise details of the existing and proposed finished floor levels of the development in relation to nearby datum points adjoining the application site have been submitted to and approved by the Local Planning Authority in writing. The development shall be completed in accordance with the approved details.

- 4     **Pre-Commencement Condition:** No development shall commence until a drainage strategy detailing the proposed means of foul and surface water disposal has been submitted to and approved in writing by the Local Planning Authority. Reason: As this matter is fundamental to enable the Local Planning Authority to control the development in detail in the interests of amenity by endeavouring to achieve a building of visual quality in accordance with Policy 33 of the Horsham District Planning Framework (2015).

- 6     **Pre-Occupation Condition:** Prior to the first occupation of each dwelling, the necessary in-building physical infrastructure and external site-wide infrastructure to enable superfast broadband speeds of 30 megabytes per second through full fibre broadband connection shall be provided to the premises.

Reason: To ensure a sustainable development that meets the needs of future occupiers in accordance with Policy 37 of the Horsham District Planning Framework (2015).

- 7     **Pre-Occupation Condition:** No part of the development hereby permitted shall be occupied until provision for the storage of refuse and recycling has been provided within the garage or side or rear garden for that dwelling. Reason: To ensure that there is adequate provision for the parking of cycles in accordance with Policy 40 of the Horsham District Planning Framework (2015).

- 9 **Pre-Occupation Condition:** No part of the development hereby permitted shall be occupied until a fast charge electric vehicle charging point for that dwelling has been installed. As a minimum, the charge point specification shall be 7kW mode 3 with type 2 connector. The means for charging electric vehicles shall be thereafter retained as such.

- 10 **Regulatory Condition:** The dwelling(s) hereby permitted shall meet the optional requirement of building regulation G2 to limit the water usage of each dwelling to no more than 110 litres per person per day. The subsequently installed water limiting measures shall thereafter be retained.

Reason: To limit water use in order to improve the sustainability of the development in accordance with Policy 37 of the Horsham District Planning Framework (2015), and to avoid an adverse impact on the Arun Valley SACSPA and Ramsar sites in accordance with Policy 31 of the Horsham District Planning Framework (2015), Paragraph 193 of the National Planning Policy Framework (2024), and to allow the Local Planning Authority to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), and s40 of the NERC Act 2006 (Priority Habitats & Species).

- 11 **Regulatory Condition:** The detached garage building hereby permitted shall be occupied solely for purposes ancillary to the occupation and enjoyment of Vine Ridge House as a dwelling and not for any other purpose without the express consent of the Local Planning Authority.

Reason: The establishment of an additional independent unit of accommodation would give rise to an over-intensive use of the site and lead to an unsatisfactory relationship between independent units contrary to Policies 3, 26 and 33 of the Horsham District Planning Framework (2015).

- 12 **Post Occupation Condition:** Upon the occupation of the building hereby permitted the existing dwelling shall cease to be used for any purpose whatsoever and within a period of 1 month thereafter such existing building(s) shall be demolished (including the removal of foundations) all materials arising from such demolition removed from the site and the site of the demolished building restored in accordance with details of landscaping which have been submitted to and approved in writing by the Local Planning Authority.

Reason: The retention of existing buildings together with the new buildings would result in the proliferation of buildings on the site, detracting from the character of the area which would be contrary to Policy 33 of the Horsham District Planning Framework (2015).

## **Note to Applicant**

### **Biodiversity Net Gain Condition**

Paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 states that planning permission is deemed to have been granted subject to the "biodiversity gain condition" which means development granted by this notice must not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- (b) the planning authority has approved the plan.

Under Regulations 4, 5, 7 & 8 of the Biodiversity Gain Requirements (Exemptions) Regulations 2024 the statutory biodiversity gain condition required by Schedule 7A to the Town and Country Planning Act 1990 (as amended) does not apply in relation to planning permission for development which:

1. does not impact an onsite priority habitat (a habitat specified in a list published under section 41 of the Natural Environment and Rural Communities Act 2006); and impacts less than 25 square metres of onsite habitat that has biodiversity value greater than zero and less than 5 metres in length of onsite linear habitat (a hedgerow habitat or watercourse habitat identified for the purposes of the biodiversity metric);
2. is the subject of a householder application within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015;
3. is undertaken solely or mainly for the purpose of fulfilling, in whole or in part, the biodiversity gain planning condition which applies in relation to another development (In determining whether a development is undertaken solely or mainly for this purpose, no account is to be taken of any facility for the public to access or to use the site for educational or recreational purposes, if that access or use is permitted without the payment of a fee);
4. consists of no more than 9 dwellings, is carried out on a site which has an area no larger than 0.5 hectares, and consists exclusively of dwellings which are self-build or custom housebuilding ("Self-build or custom housebuilding" has the same meaning as in section 1(A1) of the Self-build and Custom Housebuilding Act 2015 (as amended)).

In addition, the Biodiversity Gain Plan Condition does not apply to applications for major development made before 12 February 2024, or non-major development made before 2 April 2024.

**Based on the information submitted in the planning application documents, the Planning Authority considers that this permission is exempt from biodiversity net gain, and as such does not require approval of a biodiversity gain plan before development is begun.**

### *Statutory exemptions and transitional arrangements*

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These can be found at Paragraph: 003 Reference ID: 74-003-20240214 of the Planning Practice Guidance, which can be found at <https://www.gov.uk/guidance/biodiversity-net-gain>.

### *Irreplaceable habitat*

If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

Note to Applicant – Community Infrastructure Levy (CIL):

Horsham District Council has adopted a Community Infrastructure Levy (CIL) Charging Schedule which took effect on 1<sup>st</sup> October 2017. **This development constitutes CIL liable development.**

If you have not received a Liability Notice from the Council within 1 month of the decision date please contact the CIL Team at [cil@horsham.gov.uk](mailto:cil@horsham.gov.uk).

CIL is a mandatory financial charge on development. To avoid additional financial penalties, the requirements of CIL must be managed before development is commenced (including in the event of any successful appeal).

Payment must be made in accordance with the requirements of the CIL Demand Notice issued.

### **Note to Applicant**

Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.

## **ADDITIONAL INFORMATION**

### **Planning Permission – Important Provisos**

If planning permission has been granted, please note that your Notice of Decision refers only to consideration of your proposal under the Town and Country Planning Acts. It is not a building regulations approval and does not mean that you can disregard other Acts of Regulations or avoid any other legal obligations. Some of these obligations, of particular relevance to your proposal are referred to elsewhere in this note. Before you proceed with your proposal you should ensure that a Building Control application is not required or has been submitted. The Building Control Department can be contacted on 01403 215151.

If this permission relates to new dwellings, commercial premises or other buildings which will require a new postal address you should contact the Council's Street Naming & Numbering Department as soon as possible or before work commences on site. Further details are available on the Street Naming page on the Council's website or alternatively e-mail [streetnaming@horsham.gov.uk](mailto:streetnaming@horsham.gov.uk) or telephone 01403 215139.

It is the responsibility of the developer to provide bins for the development. If you are a developer and need to purchase bins, please email [hop.oast.admin@horsham.gov.uk](mailto:hop.oast.admin@horsham.gov.uk).

It must be stressed that the information included on this Notice of Decision may not include all your legal obligations, and it does not grant you rights to carry out works on or over lands, or to access land that is not within your control or ownership.

### **Amendments**

Should alterations or amendments be required to the approved plans, it will be necessary to apply either under Section 96A of the Town and Country Planning Act 1990 for non-material alterations, or under Section 73 of the Act for minor material alterations. An application must be made using the standard application form and you should consult with us, to establish the correct type of application to be made.

### **Monitoring**

Horsham District Council monitors the implementation of planning permissions. Please be aware that monitoring officers may visit the application site at various stages of the development to ensure compliance with the approved plans and conditions.

## **Right of Appeals**

If you are aggrieved by the decision to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.

You must appeal within 12 weeks of the date of the decision notice for a householder application or 'minor commercial' (shop front) development, and within 6 months for other types of planning applications. There are different timescale – usually 28 days – if an enforcement notice is/has been served for the same (or very similar) land and development. Please note, only the applicant possesses the right of appeal.

Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate ([inquiryappeals@planninginspectorate.gov.uk](mailto:inquiryappeals@planninginspectorate.gov.uk)) at least 10 days before submitting the appeal. Further details are at <https://www.gov.uk/government/collections/casework-dealt-with-by-inquiries>.
