Sir Roberts Farm, Goose Green Lane, Goose Green, West Sussex
Demolition of existing garages. Erection of a replacement barn style 4 bed dwelling, together with a detached garage and associated access. Change of use of land from paddock to residential curtilage.

Your application DC/26/0083 has now been determined and I enclose the decision notice. The decision notice contains important information. Please take a moment to read it as further action may be required.

Conditions
Before you start work, information must be submitted for any conditions that require discharge before development can begin. The decision notice will set out what information need to be sent.

Biodiversity Net Gain Condition
Please note the requirement within the Environment Act 2021 for development to deliver a minimum of 10% net gain in biodiversity may be applicable to your development. In the event your development is required to achieve a minimum 10% net gain in biodiversity then a Biodiversity Net Gain Condition (separate to the main list of conditions) will appear on your decision notice requiring the submission of a Biodiversity Gain Plan for approval prior to development commencing.

Failure to discharge conditions before commencing development could result in the development being unlawful or enforcement action being taken. You can notify us of your intention to initiate development by completing a pre-commencement notification which will help us to monitor your development. There is no fee to use this service. To do this, or for further information about discharging planning conditions, visit us online at horsham.gov.uk/planning/discharging-a-planning-condition

Community Infrastructure Levy (CIL)
If this development is CIL liable, the requirements of CIL must be met before you start work. Failure to do so could result in additional financial penalties. For further information relating to CIL visit horsham.gov.uk/planning/planning-policy/community-infrastructure-levy/cil-charges-and-how-to-pay

If you have any questions about the decision notice, you can call us and speak to a member of the team on 01403 215187 between 9AM - 5PM, Monday to Friday.

If you are acting as the planning agent for this application, please ensure that the applicant is given a copy of the decision notice and this letter.

Yours Sincerely,
Development Management

Horsham District Council

Mr Michael Isherwood

Application Number: DC/26/0083

TOWN AND COUNTRY PLANNING ACT, 1990 (as amended)
TOWN AND COUNTRY PLANNING (Development Management Procedure) (England) Order 2015

On behalf of: Mr Michael Isherwood

In pursuance of their powers under the above-mentioned Act and Order, the Council hereby notify you that they PERMIT the following development, that is to say:

Demolition of existing garages. Erection of a replacement barn style 4 bed dwelling, together with a detached garage and associated access. Change of use of land from paddock to residential curtilage.

Sir Roberts Farm, Goose Green Lane, Goose Green, West Sussex

to be carried out in accordance with Application No. DC/26/0083 submitted to the Council on 19/01/2026 and subject to compliance with the plans/documents and conditions specified hereunder.

Emma Parkes
Head of Development and Building Control

Date: 21/05/2026

1 **Plans Condition**: The development hereby permitted shall be carried out in accordance with the approved plans listed in the schedule below.

SCHEDULE OF PLANS/DOCUMENTS

Plan Type	Description	Drawing Number	Received Date
Location plan		NONE	19.01.2026
Site plan		A2/SP/P REV A	19.01.2026
Block plan		NONE	19.01.2026
Plans	Construction site plan	NONE	19.01.2026
Tree plan		NONE	19.01.2026
Elevation & Floor plan	Proposed 4 Bed Ground floor and NE, SE, SW, NW	A2/P1/FPE REV A	19.01.2026
Elevation plan	Proposed 3 port garage	A2/G3/E REV A	19.01.2026
Floor plan	Proposed 3 port garage	A2/G3/FP REV A	19.01.2026

Reason: For the avoidance of doubt and in the interest of proper planning.

2 **Standard Time Condition**: The development hereby permitted shall begin before the expiration of three years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

3 **Pre-Commencement Condition**: No development shall commence until a drainage strategy detailing the proposed means of foul and surface water disposal has been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved scheme.

Reason: As this matter is fundamental to ensure that the development is properly drained and to comply with Policy 38 of the Horsham District Planning Framework (2015).

4 **Pre-Commencement Condition**: No development shall commence, including demolition pursuant to the permission granted, ground clearance, or bringing equipment, machinery or materials onto the site, until the following preliminaries have been completed in the sequence set out below:

(a) All trees on the site shown for retention on approved drawing number [Duckworths Arboriculture Ltd Sir Roberts Farm TPP 06670 2025 0.2], as well as those off-site whose root protection areas ingress into the site, shall be fully protected throughout all construction works by tree protective fencing affixed to the ground in full accordance with section 6 of BS 5837 'Trees in Relation to Design, Demolition and Construction - Recommendations' (2012).

(b) Once installed, the fencing shall be maintained during the course of the development works and until all machinery and surplus materials have been removed from the site.

(c) Areas so fenced off shall be treated as zones of prohibited access, and shall not be used for the storage of materials, equipment or machinery in any circumstances. No mixing of cement, concrete, or use of other materials or substances shall take place within any tree protective zone, or close enough to such a zone that seepage or displacement of those materials and substances could cause them to enter a zone.

Any trees or hedges on the site which die or become damaged during the construction process shall be replaced with trees or hedging plants of a type, size and in positions agreed by the Local Planning Authority.

Reason: As this matter is fundamental to ensure the successful and satisfactory protection of important trees and hedgerows on the site in accordance with Policy 33 of the Horsham District Planning Framework (2015).

5 **Pre-Commencement Condition**: No development shall commence until the following components of a scheme to deal with the risks associated with contamination, (including asbestos contamination), of the site be submitted to and approved, in writing, by the local planning authority:

(a) A preliminary risk assessment which has identified:
- all previous uses
- potential contaminants associated with those uses
- a conceptual model of the site indicating sources, pathways and receptors
- Potentially unacceptable risks arising from contamination at the site.

The following aspects (b) - (d) shall be dependent on the outcome of the above preliminary risk assessment (a) and may not necessarily be required.

(b) An intrusive site investigation scheme, based on (a) to provide information for a detailed risk assessment to the degree and nature of the risk posed by any contamination to all receptors that may be affected, including those off site.
(c) Full details of the remediation measures required and how they are to be undertaken based on the results of the intrusive site investigation (b) and an options appraisal.
(d) A verification plan providing details of the data that will be collected in order to demonstrate that the works set out in (c) are complete and identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action where required.

The scheme shall be implemented as approved. Any changes to these components require the consent of the local planning authority.

Reason: As this matter is fundamental to ensure that no unacceptable risks are caused to humans, controlled waters or the wider environment during and following the development works and to ensure that any pollution is dealt with in accordance with Policies 24 and 33 of the Horsham District Planning Framework (2015).

6 **Pre-Commencement Condition**: No development shall take place, including any works of demolition, until the following construction site set-up details have been submitted to, and approved in writing by, the Local Planning Authority.
(a) the location for the loading and unloading of plant and materials, site offices, and storage of plant and materials (including any stripped topsoil)
(b) the provision of wheel washing facilities (if necessary) and dust suppression facilities

The approved details shall be adhered to throughout the construction period.

Reason: As this matter is fundamental in order to consider the potential impacts on the amenity of nearby occupiers during construction and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

7 **Pre-Commencement (Slab Level) Condition**: Prior to any works above slab level, a Biodiversity Enhancement Strategy for protected, Priority and threatend species, prepared by a suitably qualified ecologist, shall be submitted to and approved in writing by the local planning authority.

The content of the Biodiversity Enhancement Strategy shall include the following:
a) Purpose and conservation objectives for the proposed enhancement measures;
b) detailed designs or product descriptions to achieve stated objectives;
c) locations of proposed enhancement measures by appropriate maps and plans (where relevant);
d) persons responsible for implementing the enhancement measures; and
e) details of initial aftercare and long-term maintenance (where relevant).

The works shall be implemented in accordance with the approved details and shall be retained in that manner thereafter.

Reason: To enhance protected, Priority and threatened species and allow the LPA to discharge its duties under paragraph 187d of NPPF 2024 and s40 of the NERC Act 2006 (as amended).

8 **Pre-Occupation Condition**: Prior to the occupation of the building hereby permitted the existing building indicated on plan 1A (Existing Elevations and Floorplan) shall be demolished (including the removal of foundations) all materials arising from such demolition removed from the site and the site of the demolished building restored in accordance with details of

landscaping which have been submitted to and approved in writing by the Local Planning Authority prior to demolition works commencing.

Reason: The retention of existing buildings together with the new buildings would result in the proliferation of buildings on the site, detracting from the character of the area which would be contrary to Policy 33 of the Horsham District Planning Framework (2015).

9 **Pre-Occupation Condition**: No part of the development shall be first occupied until visibility splays are demonstrated in accordance with the posted speed limit. Once provided the splays shall thereafter be maintained and kept free of all obstructions over a height of 0.6 metre in perpetuity.

Reason: In the interests of road safety.

10 **Pre-Occupation Condition**: No part of the development hereby permitted shall be occupied until the car parking spaces (including garages where applicable) necessary to serve it have been constructed and made available for use in accordance with approved drawing numbers A2/G3/E and A2/G3/FP. The car parking spaces permitted shall thereafter be retained as such for their designated use.

Reason: To provide car-parking space for the use in accordance with Policy 40 of the Horsham District Planning Framework (2015).

11 **Pre-Occupation Condition**: No part of the development hereby permitted shall be occupied until the cycle parking facilities serving it have been constructed and made available for use in accordance with approved drawing numbers A2/G3/E and A2/G3/FP. The cycle parking facilities shall thereafter be retained as such for their designated use.

Reason: To ensure that there is adequate provision for the parking of cycles in accordance with Policy 40 of the Horsham District Planning Framework (2015).

12 **Pre-Occupation Condition**: No part of the development hereby permitted shall be occupied until a scheme for the provision of electrical vehicle charging points has been submitted to and approved in writing by the Local Planning Authority. The approved scheme shall be installed prior to first occupation of the development and shall thereafter remain as such.

Reason: To provide electric vehicle car charging space for the use in accordance with Policies 35 and 41 of the Horsham District Planning Framework (2015) and the WSCC Parking Standards (2019).

13 **Pre-Occupation Condition**: No part of the development hereby permitted shall be occupied until the windows at the north west elevation as shown on Plan A2/P1/FPE have been fitted with obscured glazing. No part of those windows that are less than 1.7 metres above the floor of the room in which it is installed shall be capable of being opened. Once installed the obscured glazing and non-openable parts of those windows shall be retained permanently thereafter.

Reason: To protect the privacy of adjacent occupiers in accordance with Policy 33 of the Horsham District Planning Framework (2015).

14 **Pre-Occupation Condition**: No part of the development hereby permitted shall be occupied until the necessary in-building physical infrastructure and external site-wide infrastructure to enable a minimum provision for gigabit-capable fibre broadband connection has been provided to the premises.

Reason: To ensure a sustainable development that meets the needs of future occupiers in accordance with Policy 37 of the Horsham District Planning Framework (2015).

15 **Pre-Occupation Condition**: No part of the development hereby permitted shall be occupied until the turning and access facilities necessary to serve that dwelling have been implemented in accordance with the approved details as shown on plan A2/SP/P Rev A and shall be thereafter retained as such.

Reason: To ensure adequate parking, turning and access facilities are available to serve the development in accordance with Policy 40 of the Horsham District Planning Framework (2015).

16 **Pre-Occupation Condition**: Prior to occupation, a "lighting design strategy for biodiversity" in accordance with Guidance Note 08/23 (Institute of Lighting Professionals) shall be submitted to and approved in writing by the local planning authority. The strategy shall:

a) identify those areas/features on site that are particularly sensitive for bats and that are likely to cause disturbance in or around their breeding sites and resting places or along important routes used to access key areas of their territory, for example, for foraging; and
b) show how and where external lighting will be installed (through provision of appropriate lighting plans and technical specifications) so that it can be clearly demonstrated that areas to be lit will not disturb or prevent the above species using their territory or having access to their breeding sites and resting places.

All external lighting shall be installed in accordance with the specifications and locations set out in the scheme and maintained thereafter in accordance with the scheme. Under no circumstances should any other external lighting be installed without prior consent from the local planning authority.

Reason: To allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 (as amended) and s40 of the NERC Act 2006 (as amended).

17 **Regulatory Condition**: The materials to be used in the development hereby permitted shall strictly accord with those indicated on the application form and approved plans.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of visual amenity and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

18 **Regulatory Condition**: All works shall be executed in full accordance with the submitted Arboricultural Method Statement [Duckworths Arboriculture Ltd Sir Roberts Farm AMS Ref: 06670 2025 0.2 dated April 2025].

Reason: To ensure the successful and satisfactory protection of important trees, shrubs and hedges on the site in accordance with Policies 30 and 33 of the Horsham District Planning Framework (2015).

19 **Regulatory Condition**: All mitigation measures and/or works shall be carried out in accordance with the details contained in the Preliminary Ecological Appraisal (Phlorum Limited, August 2022) and the Ecology Response Letter (Arun Ecology, March 2026) as

already submitted with the planning application and agreed in principle with the local planning authority prior to determination.

This may include the appointment of an appropriately competent person e.g. an ecological clerk of works (ECoW) to provide on-site ecological expertise during construction. The appointed person shall undertake all activities, and works shall be carried out in accordance with the approved details.

Reason: To conserve protected and Priority species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 (as amended) and s40 of the NERC Act 2006 (as amended).

20 **Regulatory Condition**: The dwelling hereby permitted shall meet the optional requirement of building regulation G2 to limit the water usage of each dwelling to no more than 110 litres per person per day. The subsequently installed water limiting measures shall thereafter be retained.

Reason: To limit water use in order to improve the sustainability of the development in accordance with Policy 37 of the Horsham District Planning Framework (2015), and to avoid an adverse impact on the Arun Valley SACSPA and Ramsar sites in accordance with Policy 31 of the Horsham District Planning Framework (2015), Paragraph 193 of the National Planning Policy Framework (2024), and to allow the Local Planning Authority to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), and s40 of the NERC Act 2006 (Priority habitats & species).

21 **Regulatory Condition**: The garage hereby permitted shall be used only as private domestic garages for the parking of vehicles incidental to the use of the properties as dwellings and for no other purposes.

Reason: To ensure adequate off-street provision of parking in the interests of amenity and highway safety, and in accordance with Policy 40 of the Horsham District Planning Framework (2015).

22 **Regulatory Condition**: No development hereby permitted shall take place except in accordance with the terms and conditions of the Council's Organisational Licence (WML-OR177, or a 'Further Licence') and with the proposals detailed on plan "Sir Roberts Farm (Plots 1 and 4): Impact plan for great crested newt District Licencing (Version 1)", dated 5th May 2026.

Reason: In order to ensure that adverse impacts on great crested newts are adequately mitigated and to ensure that site works are delivered in full compliance with the organisational licence (WML-OR177, or a 'Further Licence'), section 15 of the National Planning Policy Framework, Circular 06/2005 and the Natural Environment and Rural Communities Act 2006.

Note to Applicant
It is recommended that the NatureSpace Best Practice Principles are taken into account and implemented where possible and appropriate.

Note to Applicant
It is essential to note that any works or activities whatsoever undertaken on site (including ground investigations, site preparatory works or ground clearance) prior to receipt of the written authorisation from the planning authority which permits the development to proceed under the District Licence (WML-OR177, or a 'Further Licence') are not licensed under the great crested newt District Licence.

Any such works or activities have no legal protection under the great crested newt District Licence and if offences against great crested newt are thereby committed then criminal investigation and prosecution by the police may follow.

Note to Applicant – Community Infrastructure Levy (CIL):
Horsham District Council has adopted a Community Infrastructure Levy (CIL) Charging Schedule which took effect on 1st October 2017. **This development constitutes CIL liable development**.

If you have not received a Liability Notice from the Council within 1 month of the decision date please contact the CIL Team at cil@horsham.gov.uk.

CIL is a mandatory financial charge on development. To avoid additional financial penalties, the requirements of CIL must be managed before development is commenced (including in the event of any successful appeal).

Payment must be made in accordance with the requirements of the CIL Demand Notice issued.

Note to Applicant
Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.

ADDITIONAL INFORMATION

Planning Permission – Important Provisos
If planning permission has been granted, please note that your Notice of Decision refers only to consideration of your proposal under the Town and Country Planning Acts. It is not a building regulations approval and does not mean that you can disregard other Acts of Regulations or avoid any other legal obligations. Some of these obligations, of particular relevance to your proposal are referred to elsewhere in this note. Before you proceed with your proposal you should ensure that a Building Control application is not required or has been submitted. The Building Control Department can be contacted on 01403 215151.

If this permission relates to new dwellings, commercial premises or other buildings which will require a new postal address you should contact the Council's Street Naming & Numbering Department as soon as possible or before work commences on site. Further details are available on the Street Naming page on the Council's website or alternatively e-mail streetnaming@horsham.gov.uk or telephone 01403 215139.

It is the responsibility of the developer to provide bins for the development. If you are a developer and need to purchase bins, please email hop.oast.admin@horsham.gov.uk.

It must be stressed that the information included on this Notice of Decision may not include all your legal obligations, and it does not grant you rights to carry out works on or over lands, or to access land that is not within your control or ownership.

Amendments
Should alterations or amendments be required to the approved plans, it will be necessary to apply either under Section 96A of the Town and Country Planning Act 1990 for non-material alterations, or under Section 73 of the Act for minor material alterations. An application must be made using the

standard application form and you should consult with us, to establish the correct type of application to be made.

Monitoring
Horsham District Council monitors the implementation of planning permissions. Please be aware that monitoring officers may visit the application site at various stages of the development to ensure compliance with the approved plans and conditions.

Right of Appeals
If you are aggrieved by the decision to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.

You must appeal within 12 weeks of the date of the decision notice for a householder application or 'minor commercial' (shop front) development, and within 6 months for other types of planning applications. There are different timescale – usually 28 days – if an enforcement notice is/has been served for the same (or very similar) land and development. Please note, only the applicant possesses the right of appeal.

Appeals can be made online at: https://www.gov.uk/planning-inspectorate. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are at https://www.gov.uk/government/collections/casework-dealt-with-by-inquiries.
