Palaceland Farm Hooklands Lane Shipley West Sussex
Demolition of existing agricultural barn and construction of holiday let accommodation.

Your application DC/25/1153 has now been determined and I enclose the decision notice. The decision notice contains important information. Please take a moment to read it as further action may be required.

Conditions
Before you start work, information must be submitted for any conditions that require discharge before development can begin. The decision notice will set out what information need to be sent.

Biodiversity Net Gain Condition
Please note the requirement within the Environment Act 2021 for development to deliver a minimum of 10% net gain in biodiversity may be applicable to your development. In the event your development is required to achieve a minimum 10% net gain in biodiversity then a Biodiversity Net Gain Condition (separate to the main list of conditions) will appear on your decision notice requiring the submission of a Biodiversity Gain Plan for approval prior to development commencing.

Failure to discharge conditions before commencing development could result in the development being unlawful or enforcement action being taken. You can notify us of your intention to initiate development by completing a pre-commencement notification which will help us to monitor your development. There is no fee to use this service. To do this, or for further information about discharging planning conditions, visit us online at horsham.gov.uk/planning/discharging-a-planning-condition

Community Infrastructure Levy (CIL)
If this development is CIL liable, the requirements of CIL must be met before you start work. Failure to do so could result in additional financial penalties. For further information relating to CIL visit horsham.gov.uk/planning/planning-policy/community-infrastructure-levy/cil-charges-and-how-to-pay

If you have any questions about the decision notice, you can call us and speak to a member of the team on 01403 215187 between 9AM - 5PM, Monday to Friday.

If you are acting as the planning agent for this application, please ensure that the applicant is given a copy of the decision notice and this letter.

Yours Sincerely,
Development Management

Horsham District Council

Application Number: DC/25/1153

TOWN AND COUNTRY PLANNING ACT, 1990 (as amended)
TOWN AND COUNTRY PLANNING (Development Management Procedure) (England) Order 2015

On behalf of: Mr Roger Sheridan

In pursuance of their powers under the above-mentioned Act and Order, the Council hereby notify you that they PERMIT the following development, that is to say:

Demolition of existing agricultural barn and construction of holiday let accommodation.

Palaceland Farm Hooklands Lane Shipley West Sussex

to be carried out in accordance with Application No. DC/25/1153 submitted to the Council on 10/07/2025 and subject to compliance with the plans/documents and conditions specified hereunder.

Emma Parkes
Head of Development and Building Control

Date: 22/05/2026

1 **Plans Condition**: The development hereby permitted shall be carried out in accordance with the approved plans listed in the schedule below.

Reason: For the avoidance of doubt and in the interest of proper planning.

2 **Standard Time Condition**: The development hereby permitted shall begin before the expiration of three years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

3 **Pre-Commencement Condition**: No development shall commence until the following components of a scheme to deal with the risks associated with contamination, (including asbestos contamination), of the site be submitted to and approved, in writing, by the local planning authority:

(a) A preliminary risk assessment which has identified:
- all previous uses
- potential contaminants associated with those uses
- a conceptual model of the site indicating sources, pathways and receptors
- Potentially unacceptable risks arising from contamination at the site.

The following aspects (b) - (d) shall be dependent on the outcome of the above preliminary risk assessment (a) and may not necessarily be required.

(b) An intrusive site investigation scheme, based on (a) to provide information for a detailed risk assessment to the degree and nature of the risk posed by any contamination to all receptors that may be affected, including those off site.

(c) Full details of the remediation measures required and how they are to be undertaken based on the results of the intrusive site investigation (b) and an options appraisal.

(d) A verification plan providing details of the data that will be collected in order to demonstrate that the works set out in (c) are complete and identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action where required.

The scheme shall be implemented as approved. Any changes to these components require the consent of the local planning authority.

Reason: As this matter is fundamental to ensure that no unacceptable risks are caused to humans, controlled waters or the wider environment during and following the development works and to ensure that any pollution is dealt with in accordance with Policies 24 and 33 of the Horsham District Planning Framework (2015).

4 **Pre-Commencement Condition**: No works, including works of demolition, shall take place until details of bat emergence surveys undertaken at the site have been submitted to and approved in writing by the Local Planning Authority. The surveys shall be carried out in accordance with the details set out within the Preliminary Ecological Appraisal and shall be accompanied by any necessary mitigation and enhancement, which shall be carried out in accordance with the agreed details.

Reason: As these matters are fundamental to safeguard the ecology and biodiversity of the area in accordance with Policy 31 of the Horsham District Planning Framework (2015), and to enhance Protected and Priority Species/habitats and allow the LPA to discharge its duties under the s40 of the NERC Act 2006 (Priority habitats & species).

5 **Pre-Commencement Condition**: No development shall commence until a drainage strategy detailing the proposed means of foul and surface water disposal has been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved scheme.

Reason: As this matter is fundamental to ensure that the development is properly drained and to comply with Policy 38 of the Horsham District Planning Framework (2015).

6 **Pre-Commencement (Slab Level) Condition**: No new-build development above ground floor slab level shall commence until a Biodiversity Enhancement Strategy for Protected and Priority species has been submitted to and approved in writing by the Local Planning Authority. The content of the Biodiversity Enhancement Strategy shall include the following:

a) Purpose and conservation objectives for the proposed enhancement measures;
b) detailed designs to achieve stated objectives;
c) locations of proposed enhancement measures by appropriate maps and plans;
d) persons responsible for implementing the enhancement measures;
e) details of initial aftercare and long-term maintenance (where relevant).

The works shall be implemented in accordance with the approved details prior to the first occupation of the development, and shall be retained in that manner thereafter.

Reason: As these matters are fundamental to safeguard the ecology and biodiversity of the area in accordance with Policy 31 of the Horsham District Planning Framework (2015), and to

enhance Protected and Priority Species/habitats and allow the LPA to discharge its duties under the s40 of the NERC Act 2006 (Priority Habitats & Species).

7 **Pre-Occupation Condition**: No part of the development hereby permitted shall be occupied until the car parking spaces necessary to serve it have been constructed and made available for use in accordance with the approved plans. The car parking spaces permitted shall thereafter be retained as such for their designated use.

Reason: To provide car-parking space for the use in accordance with Policy 40 of the Horsham District Planning Framework (2015).

8 **Pre-Occupation Condition**: No part of the development hereby permitted shall be occupied until a fast charge electric vehicle charging point for the development has been installed. As a minimum, the charge point specification shall be 7kW mode 3 with type 2 connector. The means for charging electric vehicles shall be thereafter retained as such.

Reason: To mitigate the impact of the development on air quality within the District and to sustain compliance with and contribute towards EU limit values or national objectives for pollutants in accordance with Policies 24 & 41 of the Horsham District Planning Framework (2015).

9 **Pre-Occupation Condition**: No part of the development hereby permitted shall be occupied until cycle parking facilities serving it have been provided within the curtilage of the site. The facilities shall thereafter be retained for use at all times

Reason: To ensure that there is adequate provision for the parking of cycles in accordance with Policy 40 of the Horsham District Planning Framework (2015).

10 **Regulatory Condition**: The dwelling(s) hereby permitted shall meet the optional requirement of building regulation G2 to limit the water usage of each dwelling to no more than 110 litres per person per day. The subsequently installed water limiting measures shall thereafter be retained.

Reason: To limit water use in order to improve the sustainability of the development in accordance with Policy 37 of the Horsham District Planning Framework (2015), and to avoid an adverse impact on the Arun Valley SACSPA and Ramsar sites in accordance with Policy 31 of the Horsham District Planning Framework (2015), Paragraph 193 of the National Planning Policy Framework (2024), and to allow the Local Planning Authority to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), and s40 of the NERC Act 2006 (Priority habitats & species).

11 **Regulatory Condition**: The materials to be used in the development hereby permitted shall strictly accord with those indicated on the application form and approved plans, unless detail of alternative materials have been submitted and approved in writing by the Local Planning Authority prior to development above ground floor slab level commencing.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of visual amenity and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

12 **Regulatory Condition**: The development hereby permitted shall be undertaken in strict accordance with the ecological mitigation and enhancement measures set out in the Preliminary Ecological Appraisal and Preliminary Roost Assessment Issue dated 25.10.2019, the Bat Survey Report dated 24.08.2023, and the Ecological Walkover Survey dated 27.10.2025.

Reason: As these matters are fundamental to safeguard the ecology and biodiversity of the area in accordance with Policy 31 of the Horsham District Planning Framework (2015), and to enhance Protected and Priority Species/habitats and allow the LPA to discharge its duties under the s40 of the NERC Act 2006 (Priority Habitats & Species).

13 **Regulatory Condition**: The residential accommodation hereby permitted shall, when occupied as holiday accommodation be managed in accordance with the following:

i) The accommodation shall be occupied for holiday and short-term let purposes only;
ii) The accommodation shall not be occupied as a person's sole, or main place of residence;
iii) The accommodation shall not be occupied by any one person for a period exceeding 28 days in any calendar year;
iv) The accommodation shall at all times be managed and supervised by Palaceland Farm;
v) The owners / operators shall maintain an up-to-date register of the names of all owners / occupiers of the accommodation on the site, and of their main home addresses, and shall make this information available to the Local Planning Authority upon request.

Reason: To maintain the availability of the site as short term holiday tourist accommodation in accordance with Policies 10, 11 and 26 of the Horsham District Planning Framework (2015).

14 **Regulatory Condition**: Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (and/or any Order revoking and/or re-enacting that Order) no development falling within Classes AA, A, B, C, D, E, F, G and H of Part 1 of Schedule 2 of the order shall be erected, constructed or placed within the curtilage(s) of the development hereby permitted without express planning consent from the Local Planning Authority first being obtained.

Reason: In the interest of visual amenity and due to nature of the approved development in accordance with Policy 33 of the Horsham District Planning Framework (2015).

15 **Regulatory Condition**: No external lighting or floodlighting shall be installed other than with the permission of the Local Planning Authority by way of formal application.

Reason: In the interests of the amenities of the locality and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

Biodiversity Net Gain Condition

Paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 states that planning permission is deemed to have been granted subject to the "biodiversity gain condition" which means development granted by this notice must not begin unless:

(a) a Biodiversity Gain Plan has been submitted to the planning authority, and
(b) the planning authority has approved the plan.

Under Regulations 4, 5, 7 & 8 of the Biodiversity Gain Requirements (Exemptions) Regulations 2024 the statutory biodiversity gain condition required by Schedule 7A to the Town and Country Planning Act 1990 (as amended) does not apply in relation to planning permission for development which:

1. does not impact an onsite priority habitat (a habitat specified in a list published under section 41 of the Natural Environment and Rural Communities Act 2006); and
impacts less than 25 square metres of onsite habitat that has biodiversity value greater than zero and less than 5 metres in length of onsite linear habitat (a hedgerow habitat or watercourse habitat identified for the purposes of the biodiversity metric);

2. is the subject of a householder application within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015;

3. is undertaken solely or mainly for the purpose of fulfilling, in whole or in part, the biodiversity gain planning condition which applies in relation to another development (In determining whether a development is undertaken solely or mainly for this purpose, no account is to be taken of any facility for the public to access or to use the site for educational or recreational purposes, if that access or use is permitted without the payment of a fee);

4. consists of no more than 9 dwellings, is carried out on a site which has an area no larger than 0.5 hectares, and consists exclusively of dwellings which are self-build or custom housebuilding ("Self-build or custom housebuilding" has the same meaning as in section 1(A1) of the Self-build and Custom Housebuilding Act 2015 (as amended)).

In addition, the Biodiversity Gain Plan Condition does not apply to applications for major development made before 12 February 2024, or non-major development made before 2 April 2024.

Based on the information submitted in the planning application documents, the Planning Authority considers that this permission is exempt from biodiversity net gain, and as such does not require approval of a biodiversity gain plan before development is begun.

Statutory exemptions and transitional arrangements
There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These can be found at Paragraph: 003 Reference ID: 74-003-20240214 of the Planning Practice Guidance, which can be found at https://www.gov.uk/guidance/biodiversity-net-gain.

Irreplaceable habitat
If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

Note to Applicant – Community Infrastructure Levy (CIL):
Horsham District Council has adopted a Community Infrastructure Levy (CIL) Charging Schedule which took effect on 1st October 2017. **This development constitutes CIL liable development**.

If you have not received a Liability Notice from the Council within 1 month of the decision date please contact the CIL Team at cil@horsham.gov.uk.

CIL is a mandatory financial charge on development. To avoid additional financial penalties, the requirements of CIL must be managed before development is commenced (including in the event of any successful appeal).

Payment must be made in accordance with the requirements of the CIL Demand Notice issued.

Note to Applicant
Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.

ADDITIONAL INFORMATION

Planning Permission – Important Provisos
If planning permission has been granted, please note that your Notice of Decision refers only to consideration of your proposal under the Town and Country Planning Acts. It is not a building regulations approval and does not mean that you can disregard other Acts of Regulations or avoid any other legal obligations. Some of these obligations, of particular relevance to your proposal are referred to elsewhere in this note. Before you proceed with your proposal you should ensure that a Building Control application is not required or has been submitted. The Building Control Department can be contacted on 01403 215151.

If this permission relates to new dwellings, commercial premises or other buildings which will require a new postal address you should contact the Council's Street Naming & Numbering Department as soon as possible or before work commences on site. Further details are available on the Street Naming page on the Council's website or alternatively e-mail streetnaming@horsham.gov.uk or telephone 01403 215139.

It is the responsibility of the developer to provide bins for the development. If you are a developer and need to purchase bins, please email hop.oast.admin@horsham.gov.uk.

It must be stressed that the information included on this Notice of Decision may not include all your legal obligations, and it does not grant you rights to carry out works on or over lands, or to access land that is not within your control or ownership.

Amendments
Should alterations or amendments be required to the approved plans, it will be necessary to apply either under Section 96A of the Town and Country Planning Act 1990 for non-material alterations, or under Section 73 of the Act for minor material alterations. An application must be made using the standard application form and you should consult with us, to establish the correct type of application to be made.

Monitoring
Horsham District Council monitors the implementation of planning permissions. Please be aware that monitoring officers may visit the application site at various stages of the development to ensure compliance with the approved plans and conditions.

Right of Appeals
If you are aggrieved by the decision to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.

You must appeal within 12 weeks of the date of the decision notice for a householder application or 'minor commercial' (shop front) development, and within 6 months for other types of planning applications. There are different timescale – usually 28 days – if an enforcement notice is/has been served for the same (or very similar) land and development. Please note, only the applicant possesses the right of appeal.

Appeals can be made online at: https://www.gov.uk/planning-inspectorate. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are at https://www.gov.uk/government/collections/casework-dealt-with-by-inquiries.
