Hi Matthew

Thanks for your email

I have reviewed the Remediation Strategy and Verification Plan prepared by Southern Testing Laboratories Limited, reference V0978 dated 30 January 2025.

The proposals for remediation works and the verification plan are satisfactory. The report notes that a verification report will be produced by Southern Testing Laboratories Limited at the end of the remediation works. Accordingly I would suggest that the condition is not discharged until the verification report is submitted.

Regards

Lee
