

Land Off Northlands Lane Storrington Noise Management Plan

1. This land about 18 acres of rough grassland bounded by belts of woodland on 3 sides.
2. It consists of 2 fields
3. It is crossed by a public footpath, and there is another footpath along the north boundary of the larger field.
4. There is also a bridleway, formerly a maintained road, along the north boundary of the smaller field.
5. Access is from a gate at the north west corner of the smaller field, which is also close to where the two footpaths and the bridleway join the public road.
6. The footpaths and bridleway are used by members of the public, and may be used by dog walkers
7. The Dog exercising field is managed by Doodley Dogs of Unit 19a, Robell Way
Water Lane Trading Estate
Storrington, RH20 3DW.
8. The contact details of Doodley Dog are provided on a notice at the entrance
9. Doodley Dogs have the sole rights to provide the use of the fields for their customers
10. The use of the field is granted exclusively to a single user with a maximum of two dogs.
11. The use of the field is on a pre booked time basis.
12. Access to the field is by a locked gate with an access code.
13. No commercial dog walkers or trainer are permitted
14. The hours of use are 8 am to 6 pm
15. Complaints will be handled by Doodley Dogs whose contact details are provided on site
16. Banned users will be refused bookings and the access code will be changed
17. Users will be requested not to use the area shaded in grey on the map below to avoid noise impacting residents
18. A dog waste bin will be provided within the field for the exclusive use of booked

19. users of the field and it will be managed by Doodley Dogs

20. As there is single user of the field at any one time, the provision of onsite parking cannot be required. I would advise that my ownership extends to the verge area along the eastern boundary of East Wantley, and I can designate as a parking area. You no doubt have access to the Land Registry data and can see from that the extent of my ownership.

I can arrange for this to be marked by signage
