| Comments: | My husband and I strongly object to this application. My husband and I built cedars and lived there for around 26 years. The deeds clearly stated no boundary walls or fences at the front of the property, so I cannot understand why this application has even been considered. The whole street is open plan and all residents have complied to these rules.<br>We now live opposite Cedars and do not want to look out of our front windows onto a 6 ft fence. I am sure all the other residents in this close feel the same.<br>[redacted]<br>Also it would obstruct the vision while driving around the corner of the house into the close. I am astounded that the council is even considering this ridiculous application. |

Kind regards
