Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	My worry is that with so much coverage of the land ie, over a half, will mean the catchment pond at the bottom of the field will not be able to cope and will cause flooding in Arun way and the allotments and being an allotment holder will almost certainly mean we will have to improve the drains on the allotment for the increase in water flow when it rains hard.

Kind regards
