Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment
Comments:	We have lived in Horsham for the last 13 years. Gradually we have seen it being overdeveloped. There have been so many developments that have over 100+ homes built. The land at Domesday farm has access only onto the Brighton Road, a main road in and out of Horsham. It is a very busy road already without the prospect of another 200+ vehicles emerging. If alternative access were to be granted, Hammerpond Road is at

a very dangerous junction with limited vision and the junction with St Leonard's Road is already narrow and it would cause chaos at busy times.

Where do the children go to school. Our local schools are already over subscribed as are our Doctors surgeries. I have had to already wait a month for an appointment with my GP. How is this going to get better with 180 new homes?

How will school children get to the local schools if granted? If they walk, the nearest school is Forest school. The pavements are tiny along Hammerpond Road and Brighton Road where they exist.

This puts children's lives in danger. For some of their route they'd be crossing very busy dangerous roads.

Kind regards
