Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I'm objecting to this application on the grounds that it will lead to over development and cause more issues than at present with access and parking. Why don't the staff use the existing car park, which seems to be empty most of the day, rather than block public highways The staff parking on Cedar Drive is already creating issues. With the planned increase in student number there will a proportionately higher number of staff, thus increasing the parking and traffic issues.

The travel plan seems to have been deliberately surveyed at a low traffic time (a weekend perhaps?) and the photographs submitted do not represent the actual daily flows of traffic and parking.

In turn this proposed increase in capacity will increase the likelihood of local disruption and potential accidents

In terms of Loss of Amenity, more pupils = more local disruption and noise

I was not aware of this application until I spotted it on the Agenda for the SPC Planning meeting on 6 May. I walk past this site at least twice per day and I have not seen a green planning notice displayed. Furthermore SPC have been disingenuous in their hypertext link from their meeting Agenda as it links to a completely different application, nothing to do with the barn. Given the history of deception by the Parish Council, this is seen as another smokescreen in trying to prevent objections

Kind regards
