

DELEGATED APPLICATIONS - ASSESSMENT SHEET

APPLICATION NO./ADDRESS:

DC/26/0277

3 Coleridge Close, Horsham, West Sussex, RH12 5PB

DESCRIPTION:

Erection of a single storey front bay extension.

RELEVANT PLANNING HISTORY:

DC/22/0745	Erection of single storey side and rear extensions (Lawful Development Certificate - Proposed).	Application Permitted on 28.06.2022
------------	--	--

RELEVANT PLANNING POLICIES

The National Planning Policy Framework (NPPF)

Horsham District Planning Framework (2015):

Policy 31 - Green Infrastructure and Biodiversity

Policy 32 - Strategic Policy: The Quality of New Development

Policy 33 - Development Principles

Policy 41 - Parking

North Horsham neighbourhood planning

Voluntary withdrawal of designation: North Horsham Parish Council voluntarily withdrew their parish from the Neighbourhood Development Plan process on 30 July 2018.

Horsham District Local Plan (2023-40) (Regulation 19):

Policy 19: Development Quality

Policy 20: Development Principles

Policy 25: Parking

REPRESENTATIONS AND CONSULTATIONS RESPONSES

Where consultation responses have been summarised, it should be noted that Officers have had consideration of the full comments received, which are available to view on the public file at www.horsham.gov.uk.

Consultations:

Natural England: Standing Advice:-

It cannot be concluded that existing abstraction within the Sussex North Water Supply Zone is not having an adverse effect on the integrity of the Arun Valley SAC/SPA/Ramsar sites. Developments within Sussex North must therefore must not add to this impact and one way of achieving this is to demonstrate water neutrality. The definition of water neutrality is the use of water in the supply area before the development is the same or lower after the development is in place.

To achieve this Natural England is working in partnership with all the relevant authorities to secure water neutrality collectively through a water neutrality strategy. Whilst the strategy is evolving, Natural England advises that decisions on planning applications should await its completion. However, if there are applications which a planning authority deems critical to proceed in the absence of the strategy, then Natural England advises that any application needs to demonstrate water neutrality.

Parish Comments:

No objection.

Representations:

X1 representations have been received, supporting the application.

HUMAN RIGHTS AND EQUALITY:

The application has been considered having regard to Article 1 of the First Protocol of the Human Rights Act 1998, which sets out a person's rights to the peaceful enjoyment of property and Article 8 of the same Act, which sets out their rights in respect to private and family life and for the home. Officers consider that the proposal would not be contrary to the provisions of the above Articles.

The application has also been considered in accordance with Horsham District Council's public sector equality duty, which seeks to prevent unlawful discrimination, to promote equality of opportunity and to foster good relations between people in a diverse community, in accordance with Section 149 of the Equality Act 2010. In this case, the proposal is not anticipated to have any potential impact from an equality perspective.

PLANNING ASSESSMENT:

The application has been assessed on the basis of the submitted details, together with the planning history of the site and adjoining properties, available images and photographs supplied by the agent. These details were considered sufficient to allow the application to be properly considered and determined.

Character and Appearance

Policies 32 and 33 of the HDPF seek to ensure that development promotes a high standard and quality of design in order to enhance and protect locally distinctive characters. The policies also seek to ensure that the scale, massing and appearance of development relates sympathetically with the built surroundings, landscape, open spaces and routes within and adjoining the site, including any impact on the skyline and important views.

3 Coleridge Close is situated within a modern residential cul-de-sac in Horsham, characterised by a uniform layout of two-storey dwellings with consistent architectural detailing and modest front garden areas. The dwelling occupies a central plot within the Close and faces onto a quiet, low-traffic residential street.

The proposed single-storey front bay extension is modest and well-integrated with the existing dwelling. The extension mirrors the form, proportions and materials of the original house, including matching brickwork, roof tiles and fenestration design. Its scale remains subordinate to the main elevation, and its position within a cul-de-sac of similar modern homes ensures the addition appears balanced and consistent with the established streetscape. The development therefore preserves the character and appearance of both the property and its immediate surroundings.

The proposal would be a clearly subservient addition and is considered to be of a design, form and scale which is appropriate to the character and appearance of the existing dwelling, and which would not harm the character or appearance of the wider area. It is therefore considered that the visual impact of the proposal is acceptable and would accord with the above policies.

Impact on Neighbouring Amenity

Policy 33 of the HDPF states that permission will be granted for development that does not cause unacceptable harm to the amenity of the occupiers/users of nearby properties and land.

Due to its limited height, shallow projection and position on the front elevation, the bay extension will have minimal adverse effects on neighbouring residential amenity. The extension is located well away from shared boundaries, ensuring no loss of daylight, overshadowing or overbearing impact. All glazing faces the street and does not give rise to overlooking of private garden areas. As such, the proposal maintains acceptable levels of privacy, light and outlook for adjoining properties.

It is considered that the siting and layout of the proposed extension and the resulting relationship with neighbouring properties would be sufficient to prevent any unacceptable harm to neighbouring amenity.

Impact on Parking

Policy 41 of the HDPF states that development which involves the loss of existing parking spaces will only be allowed if suitable alternative provision has been secured elsewhere, or the need for the development overrides the loss of parking and where necessary measures are in place to mitigate against the impact.

The proposed bay extension does not affect the existing driveway, garage or vehicle access arrangements. The site plan confirms that parking at the front of the property remains unchanged and fully functional. No loss of off-street spaces occurs, and the development has no implications for highway safety or parking demand.

It is considered that the highways impact of the proposal is acceptable and would accord with the above policy.

Water Neutrality

There is no clear or compelling evidence to suggest the nature and scale of the proposed development would result in a more intensive occupation of the dwelling necessitating an increased consumption of water that would result in a significant impact on the Arun Valley SAC, SPA and Ramsar sites, either alone or in combination with other plans and projects. The grant of planning permission would not therefore adversely affect the integrity of these sites or otherwise conflict with policy 31 of the HDPF, NPPF paragraph 193 and the Council's obligations under the Conservation of Habitats and Species Regulations 2017.

Biodiversity Net Gain

In accordance with the Biodiversity Gain Requirements (Exemptions) Regulations 2024, all householder applications are current exempt from the statutory requirement to demonstrate a 10% net gain in biodiversity.

Conclusion

The proposal is considered to comply with relevant local and national planning policies and is therefore recommended for approval.

Recommendation: Application Permitted

Conditions:

- 2 **Standard Time Condition:** The development hereby permitted shall begin before the expiration of three years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

- 3 **Regulatory Condition:** The materials and finishes of all new external walls, windows and roofs of the development hereby permitted shall match in type, colour and texture those of the existing building.

Reason: In the interests of visual amenity and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

POSITIVE AND PROACTIVE STATEMENT

Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.
