Thank you for consulting Sport England.

Sport England considers that the impact of a development on sports facilities or activities would not normally fall within the scope of an Environmental Statement. Consequently, we do not wish to comment on the Screening or Scoping Opinion consultation.

However, any subsequent planning application should consider the implications for sport in the context of NPPF Paragraph 104, local plan policy, and any strategic evidence set out in local playing pitch and/or built facilities strategies.

Sport England should be consulted on the planning application if it meets the statutory requirements contained within SI 2015/295 (development affecting playing fields) or the guidance for non-statutory consultation with Sport England contained within Planning Practice Guidance: Open Space, Sports and Recreation Facilities (Paragraph: 003, Reference ID: 37-003-20140306).

General guidance on assessing the need to protect, enhance and provide sports facilities can be found by following the link below:

If you need any further advice, please do not hesitate to contact Sport England using the contact details below.

Yours sincerely,

Planning Technical Team
