Owl House, Emms Lane, Barns Green, Horsham RH13 0SW

I am righting to object to the planned building of house's in Chapel Road Barns Green, i have great concerns on the village being unable to cope with the extra sewage as we are already struggling to cope with the quantity of properties in the village, also the amount of extra traffic in such a small village parking is difficult already. We don't have a very regular bus service, i also worry that with the field being built on we may get more flooding.
