Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Overdevelopment
Comments:	My concern is the closure and diversion of Itchingfield's wastewater treatment works to an already overloaded Barns Green wastewater treatment works. With the proposed new development added to the as yet unsold new houses at Sumners Ponds the overloading of the Barns

Green wastewater treatment works is inevitable causing pollution in the local brook.

Miller Homes stated that they will not cause any pollution to the River Arun BUT the brook in Barns Green flows into the River Adur.

More development in the parish is therefore not tenable.

Kind regards
